

FOUR AMERICANS ARE SLAIN BY MEXICAN MOBS

RUMORS OF A REIGN OF TERROR PREVAILING IN CITY OF MEXICO ARE CONFIRMED BY REFUGEES ARRIVING AT VERA CRUZ.

American hotel and American club attacked by mobs.

Guests are assaulted.

Fly for safety to other hotels—Buildings destroyed.

American colony well armed and are prepared to meet attack.

By Associated Press.

Washington, D. C., April 25.—Unconfirmed rumors of the killing of Americans by mobs in Mexico City, the arrest of American railroad employees yesterday at Orizaba, and information forwarded to Washington that American military authorities at Vera Cruz consider the situation at Mexico City and throughout the Mexican Republic a grave one for Americans there, aroused activities in Washington today.

While the authorities were exerting every possible effort to get verification of the disquieting reports from the Mexican capital, Secretary Bryan conferred with the Brazilian ambassador here, Mr. De Gama, over the arrest of Americans at Orizaba and informed him that he had requested the Brazilian diplomatic representative in Mexico City to seek the release of the prisoners. Ambassador De Gama directed the Brazilian Minister in Mexico City to do all he could for the release of the Americans.

Officials here were much exercised over the reported assassination of Americans in Mexico City. Serious eventualities there, it was pointed out, might aggravate the present situation and serve to arouse sentiment among the people that would demand more aggressive action in Mexico on the part of this government. It was further emphasized, however, that mob violence could not be construed as any deliberate action of General Huerta and that it would be claimed by his government that it was powerless to control the situation owing to the anti-American feeling aroused by the seizure of Vera Cruz.

No new military orders were issued by the War department. Plans for perfecting the operations at Vera

Cruz and along the Mexican border were considered by Secretary Garrison and other officials. After a long conference of the department officials Secretary Garrison declared that troops en route to Vera Cruz, to reinforce the naval forces were being sent there "for duty."

It was declared that there had been no change in the policy of the government to "sit tight" at Vera Cruz, unless retaliatory tactics should demand a forward movement into Mexico. Neutrality on the part of the Constitutionalists officials believed would be observed. Should war be forced upon this government, it was pointed out the base of operations would be at Vera Cruz, and the plan would be to confine the advance, if possible, to the territory controlled by Huerta with Mexico City as the objective point of the American forces. The movement it is generally believed would be an extensive one.

Although it still is the determined policy of President Wilson to prevent active hostilities, the army and navy are prepared for any emergency and should the word come, to advance to the interior in order to protect life and property. It is said the War department is ready to send an army of 20,000 to 30,000 men and to increase the forces to a great degree along the Mexican border.

Today there were appeals for more troops from border states and the war department officials, while considering plans for co-operation with the militia in those states also were working out plans for calling into the service the militia of various states under the terms of the volunteer army bill just passed. The War department throughout the day was humming with excitement, although no new orders were issued.

Reports that General Wood already had been ordered to Vera Cruz were emphatically denied. Reports of dissensions in the cabinet over the policy being pursued in the Mexican crisis also were denied, and Secretary Bryan branded as false the report that should war be declared with Mexico he would resign.

Announcement today by the Spanish ambassador, Mr. Riano, that Mexico had turned its affairs in the United States over to his government came as a surprise to officials here, the general expectation being that France would be asked to act on Mexico's behalf. Following reports from Madrid yesterday that King Alfonso was willing to act as mediator

from any other source and is considered doubtful in many quarters.

VERA CRUZ PAPER SAYS YANKEES SLAIN

By Associated Press.

Vera Cruz, April 25.—El Dictamen, a Vera Cruz newspaper today says four Americans have been killed by mobs in Mexico City. It declares it has received the information from the Federal Capital. Three of the Americans were taken from street cars and killed on the streets, while the fourth was killed in the Y. M. C. A. building, by members of the baseball team, according to the newspaper, which made its appearance today.

The information as to the massacre of Americans is not confirmed

CONGRESSMEN WANT ACTION

By Associated Press.

Washington, D. C., April 25.—An under-current desire in Congress for more aggressive action in Mexico became apparent today. Several members of the House and Chairmen of important House committees agreed that the plan to sit tight at Vera Cruz awaiting retaliatory action might result in international complications.

Federal Building at Vera Cruz, Mexico

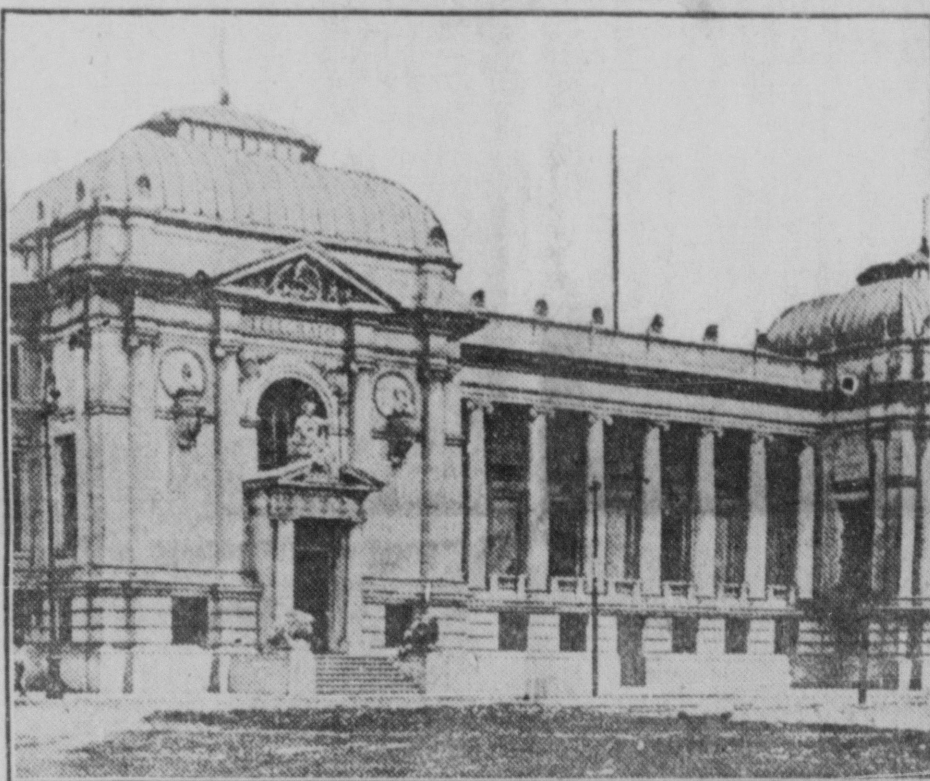

Photo by American Press Association.

THIS is the new federal building at Vera Cruz. It gives a good idea of the many modern buildings which this old Mexican seaport boasts. At the same time there are many cabins standing side by side these modern buildings, showing the odd blend of old and new.

SPAIN ACTS FOR MEXICO

By Associated Press.

Washington, D. C., April 25.—Senor Don Juan Riano, the Spanish Ambassador today announced that he had taken charge of the affairs of the Mexican government in Washington.

or in the difficulty between this government and Mexico, the selection of Spain to look after the affairs was regarded with significance.

Officers of both the War and Navy department were concerned today over the report from Vera Cruz that a small Mexican force was prepared to blow up the railroad bridges between Vera Cruz and Mexico City. Several of these bridges could not be replaced and temporary provision for getting trains by them would be impossible. The plans of the Navy and War department for possible operations out of Vera Cruz hinge on the possession of the railroad and it was feared that they would be seriously hampered if the bridges were destroyed. The Navy department believes that an expedition out of Vera Cruz along the railroad would insure the safety of the bridges, but it is pointed out that this would be an act of war. This probably would be the first move in case war is actually declared. Meantime the naval forces in Vera Cruz must confine their operations to that city, and the immediate vicinity.

(Continued on Page Eight.)

bad and rapidly growing worse, so far as Americans are concerned. The refugees bring word of intense anti-American feeling in all directions. The American military authorities in Vera Cruz consider the situation of Americans in the Capital and all over the interior grave.

Almost normal tranquility has been restored here, but occasional sniping occurred during the night. There was, however, no general disorder.

The domination of the city by the American forces having been accepted by the residents. The order issued from American headquarters for the closing of all saloons remained in effect today. The restaurants are having difficulty in furnishing the usual quantity and quality of food, owing to the impossibility of obtaining supplies. Prices, therefore, have been advanced.

The American lines some ten miles in length now completely encircle the city. Outposts have been established, covering all points from one to five miles.

ESCAPE VIA WAR VESSELS

By Associated Press.

Washington, D. C., April 25.—Secretary Daniels, at the request of Secretary Bryan, today ordered Rear Admiral Howard, commanding the American naval forces on the Pacific coast, to give asylum or passage on his vessels to any American consuls preparing to leave Mexico via the west coast. Like orders have been given to Rear Admiral Badger concerning Consuls who may leave through Mexico Gulf ports.

CARRANZA IS TOLD AGAIN

By Associated Press.

Washington, D. C., April 25.—The note which the State Department dispatched to General Carranza through American Consular Agent Carothers, it was made known today, reiterates the intention of the American government merely to secure reparation from the Huerta Government and not engage in hostilities against the Constitutionalists.

BAER STRICKEN

By Associated Press.

Philadelphia, Pa., April 25.—George F. Baer, President of the Reading Railroad was stricken on the streets here today with what physicians believe was a stroke of paralysis. He fell to the sidewalk and was carried to his home, five blocks distant. It is believed his condition is serious.

WILSON TALKS WITH CABINET

Washington, D. C., April 25.—Bulletin.—Secretary of State Bryan and Postmaster General Burleson were called to the White House late today for conference over the Mexican situation.

MORE GO TO VERA CRUZ

By Associated Press.

Washington, D. C., April 25.—Secretary Garrison said today that the United States troops have been ordered to Vera Cruz "for duty."

BRYAN DENIES

By Associated Press.

Washington, D. C., April 25.—Secretary of State Bryan today emphatically denied wide-spread and persistent reports that he would resign from the Cabinet.

When informed of published reports that he would relinquish his post should war be declared against Mexico, Mr. Bryan said "the subject of my resignation has never been discussed with anybody nor thought of by me."

TEXAS MUST PAY THE BILL

By Associated Press.

Washington, D. C., April 25.—Governor Colquitt of Texas, today telegraphed the war department asking if the department would bear the expenses of moving the Texas militia to the border where it would co-operate with the regular army in patrolling the border.

Governor Colquitt will be told that there is no authority to give his state such financial assistance.

JOHN H. GIBBONS

Captain in Command of the Great Battleship Utah.

nation. The Postmaster General is particularly anxious about conditions on the Texas border where the local authorities are clamoring for additional troops.

When asked as to the purpose of the military movement, he would make no further explanation of the shipment of the Fifth Army Division from Galveston.

FIGHTING SPIRIT GROWS RAPIDLY

Feeling of Resentment In Mexico.

AMERICANS IN PERIL

No Attempt Made at Washington to Conceal Uneasiness.

O'SHAUGHNESSY AT VERA CRUZ

American Charge at Mexican Capital and Family Are Safe—Belief Growing That Huerta Will Not Take Initiative In Declaring War—France and Spain Would Assume Role of Mediators—President Wilson Still Insists That No State of War Exists.

Washington, April 25.—The latest phases of the Mexican situation are the evidences of uprisings and a growing war spirit along the Mexican

border. The blowing up of the American consulate and the burning of other American buildings at Nuevo Laredo, followed by an exchange of shots between the Mexican federal troops and the United States patrol, were regarded here as only the beginning of scenes of violence in northern Mexico.

From Mexico City word reached the state department that rioting was going on, and the spirit of unrest and resentment is rapidly growing. From other parts of Mexico, also, came reports of a rapidly developing war spirit, and no attempt was made here to conceal the fact that alarm is felt for many of the Americans who have not yet left the country.

With these developments steadily pushing the United States toward an open declaration of war, steps were taken by at least one European power to make known its willingness to act in the capacity of a mediator. It was understood that the French ambassador informed Secretary Bryan in a most informal way that if there was any disposition to resort to mediation, France would be glad to take the initiative.

There were indications in dispatches from Madrid that King Alfonso of Spain also was disposed to offer his offices in the present crisis. In regard to any suggestion of mediation, however, the administration is again confronted with the fundamental objection that it might involve a recognition of the Huerta government. There were no indications of any en-

couragement in this direction from the United States. The impression is growing that President Wilson will be satisfied now at nothing less than complete reparation by Huerta and that this can not be brought about through intervention of a third party.

In the meantime President Wilson is insisting on his technical interpretation of existing conditions. He maintains that no state of war exists between this government and Mexico, and that what has been done thus far has been merely by way of reprisal. Furthermore, there was every indication that this will continue to be the president's contention until he is forced by a declaration of war on the part of Huerta or by an aggressive act by the dictator to take another stand.

The belief is growing in Washington that Huerta is not going to take the initiative in the matter of formally declaring war, but will continue to harass the United States forces and commit depredations on American property in Mexico until he has forced President Wilson into a declaration. The Mexican dictator is clever enough to recognize that it will give him prestige in the eyes of the world to have the United States, with its military power, take the initiative in an open war declaration against weak and bleeding Mexico.

O'Shaughnessy Safe.

Vera Cruz, April 25.—American Charge Nelson O'Shaughnessy and family arrived here safely.

CANAL NEEDS THE REVENUE

Washington, April 25.—The feature of the hearing on the Panama canal tolls bill was a long message from Colonel George W. Goethals, in which he put himself on record in favor of the repeal of the free tolls clause and gave his reasons therefor. The message was dated Culebra, April 23, and was sent to Major S. C. Boggs of Washington, to be delivered to Senator Simmons.

In his message Goethals said: "I do not believe in exemption of tolls for coastwise trade, first, because this amounts to a subsidy to a class of shipping and will benefit stockholders and not shippers; second, because the canal will need all revenue it can get to pay its current expenses and indebtedness."

ATTACK TAMPICO

Washington, April 25.—In a dispatch from Vera Cruz Admiral Badger reports the following from Admiral Mayo at Tampico: "A Constitutionalist attack on Tampico is in progress. Gunboats are firing (presumably Mexican federal gunboats)." So far as known all Americans are out of the district around Tampico.

BACHELORS ESCAPE

Boston, April 25.—A house committee reported adversely on the bill which would have placed a \$5 tax on bachelors. The house passed to be engrossed a bill for the appointment of women as special police officers to safeguard girls.

NEUVO LAREDO LAID LOW BY THE FEDERALS

Mexican Federals Destroy City of Nuevo Laredo, Mexico.

FIRE ON AMERICAN TROOPS

Federals Prepare and Execute Plan For a General Conflagration Before Dashing South—Eleven Mexicans Killed and Score Wounded in Clash With Uncle Sam's Soldiers—Mexicans Driven Across Border.

Laredo, Tex., April 25.—With at least 11 Mexican federals killed and more than a score wounded by dynamite, and with a black pall of smoke, heightened by flames in countless places, Nuevo Laredo, Mexico, just across the river from this city, presents a spectacle of desolation and ruin.

Dynamite and the torch succeeded each other in their destructive work. The Mexican federals, repulsed in several attempts to blow up the international railroad bridge, turned their attention to their own town. Every building devoted to public use and dozens of private stores and the larger residences, including a convent and a church, were razed, and the work of destruction was made more certain by liberal use of kerosene. The federal troops, with few exceptions, left after completing their task, the larger number fleeing in trains.

Before dashing south the federal troops prepared for a general conflagration. The fires, which were lighted at the moment of departure, assumed giant proportions within less than five minutes. Many of the houses were of stone or adobe and under ordinary circumstances would readily burn, but kerosene and other combustibles had been used, causing every house fired to burn rapidly. The tower on which machine guns had been used during the battle in January flared up like a torch when the match was applied.

The first signal which drew the attention of the people of Laredo to the city across the river was the sound of rifle fire as the train was pulling out. The Mexicans fired at the American soldiers at Fort McIntosh and the fire was returned at once by the Americans.

Smoke was seen issuing from many buildings around Central plaza. The municipal building and the American consulate are on opposite sides of the plaza and they began burning simultaneously, as did also the post-office building next door.

A few moments later flames broke out of the windows and roofs of several other buildings, and a deep explosion was heard, one of the houses being blown into ruins.

The troops at Fort McIntosh were immediately ordered out and the people were driven back from the river bank on this side when the soldiers went into action. A machine gun platoon at Fort McIntosh went into action, with the result that several Mexicans were seen to fall. Several attempts were made to blow up the Mexican end of the international bridge, and a sharpshooter on top of a watertower at the plant killed one man seen to approach the bridge. Another man who tried to dynamite the Mexican end of the railroad bridge was killed by American soldiers. Battery A of the Third field artillery took station near the power house of the Laredo electric light company. After silencing the fire of Mexicans, part of the Ninth infantry was withdrawn to the river front, the remainder still guarding the border.

Rumors that some American soldiers were wounded proved to be without foundation and no shots struck in the central part of the city. Colonel Crane of the Ninth infantry said a rigid patrol of the city, particularly the business section and the American residence section, would be kept, and that every precaution would be taken to prevent outrages by any of the refugees.

AMERICANS BOTTLED UP

San Diego, Cal., April 25.—More warships are rushing to Ensenada. An official report from the monitor Cheyenne states that another outbreak was imminent at Ensenada, as the Mexican authorities can not control the anti-American demonstration.

Consul Guyant and about 200 Americans are still bottled up in the consulate. The guns of the Cheyenne are trained upon the Mexican village, while on the beach the federal soldiers have entrenched themselves, hoping to prevent any landing in case such is attempted.

REFUGEES TALK

Galveston, Tex., April 25.—Forty-four American refugees arriving here from Vera Cruz told of the seizure of the city by the American marines. The ship on which the refugees sailed left on the day the gunboats shelled the city. The refugees say that when the ships of the navy arrived in Vera Cruz harbor the Mexicans hoisted and jeered. The streets were literally packed with Mexicans, but as the gunboats drew near they dispersed, and when the marines landed they melted away. The refugees saw the flashes of the American boats as they fired. The medical college, they say, crumbled under the fire.

CRITICISE ATTACK ON MEXICANS

Buenos Ayres Papers Condemn American Course.

Buenos Ayres, April 25.—The press of Buenos Ayres is unanimous in its expression of disapproval of the attitude of the United States toward Mexico.

La Nacion, in an editorial, says: "President Wilson tried to make Huerta resign and the revolutionists were counting on the sympathy of the White House. This would explain the conduct of Huerta in the Tampico affair. The quick action of the United States shows that they had intended to intervene. We are conscious of the fact that the incident springs from a state of affairs in which the integrity and independence of Mexico are at stake. The memory of this contest will live in the history of the relations between the United States and Latin America."

"President Wilson's message to congress does not seem to us to be a message of state," declares La Prensa. "The plan to overthrow Huerta in order to install a revolutionary general in his place would signify official partiality on the part of the United States without bringing about the pacification of the country. The military action by the United States aims at Mexico and not at Huerta. We fear a repetition in Mexico of the protectorate system the United States created in Cuba."

MONTEREY IN REBEL HANDS

Brownsville, Tex., April 25.—"Monterey is in the hands of the Constitutionalist, after a five days' battle," was an official announcement from the Constitutionalist headquarters in Matamoros, accompanied by the ringing of bells and an outburst of rebel enthusiasm throughout the city. General Pablo Gonzalez commanded the rebel forces.

SISTER: READ MY FREE OFFER!

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week.

If you suffer from women's peculiar ailments—catarrh, pain in the head, back, or bowels, feeling of weight and dragging-down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, salivary complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home without the danger and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers post-paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address,

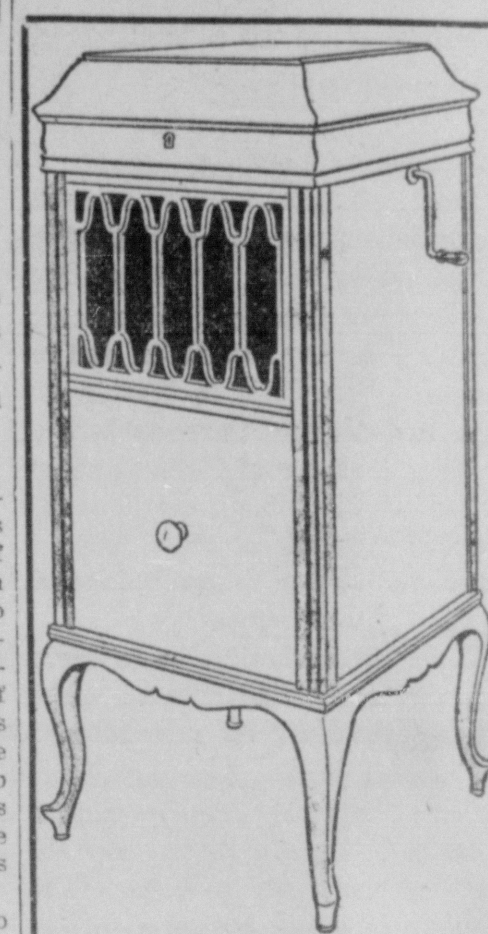

MRS. M. SUMMERS, Box H, SOUTH BEND, IND.

CARNIVAL COMING

The Weider Amusement Co. will exhibit in Washington C. H., one week, May 4 to 9. Ten big shows, merry-go-round, Ferris wheel, motor-dome. Free acts, band concerts. A show for ladies, gentlemen and children.

GUAYMAS, on the western coast of Mexico, is a thriving city of 45,000 inhabitants. It is located on Guaymas bay. The time stained houses are Spanish-Moorish and the streets narrow and tortuous. It is a strategic point. Many of the stores are managed by Chinese.

FACTS ABOUT MEXICO

Area—565,535 square miles. Population—15,063,207. White, 20 per cent; mixed, 43 per cent; Indian, 36 per cent; foreign, 1 per cent. The foreign population in 1910 included natives of 40 countries, of whom there were 30,000 Americans, 5,000 British and 5,000 Germans.

Capital, City of Mexico, population 470,650. Subdivisions of the country: For Administration purposes the country is divided into 27 states, three territories and the Federal district.

Central States—Aguascalientes, Durango, Guanajuato, Hidalgo, Mexico, Morelos, Puebla, Queretaro, San Luis Potosi, Tlaxcala and Zacatecas.

Northern States—Chihuahua, Coahuila, Nuevo Leon and Sonora.

Coast States—Campeche, Tabasco, Tamaulipas, Vera Cruz, Yucatan, Colima, Chiapas, Guerrero, Jalisco, Michoacan, Oaxaca and Sinaloa.

Territories—Quantana Roo, Lower California and Tepic.

Principal Ports of Gulf of Mexico—Vera Cruz, population about 30,000; distance from Mexico City 190 miles.

Tampico—Population 16,000; 225 miles northwest of Vera Cruz.

Matamoros—Population 9,000; on Rio Grande, opposite Brownsville, Texas, 28 miles from Gulf of Mexico.

Progreso—Population 5,200, state capital of Yucatan.

Pacific Coast: Mazatlan—Population 18,000; in state of Sinaloa.

Acapulco—Population 5,000; 200 miles southwest of Mexico City. Salina Cruz—Terminus of railroad across Isthmus of Tehuantepec.

No rthern Frontier Cities: Nuevo Laredo—Population 6,500; opposite Laredo, Texas. Ciudad Porfirio Diaz—Population 5,000; opposite Eagle Pass, Texas. Juarez—Population 7,000; opposite El Paso, Texas; 1,223 miles from Mexico City. Nogales—Population 3,000; opposite Nogales, Ariz.

Important Interior Cities: Torreon—Population 14,000; in southwestern Coahuila. Durango—Population 31,000; capital of Durango. Zacatecas—Population 40,000; capital of Zacatecas; 300 miles north of Mexico City. Guanajuato—Population 42,000; capital of Guanajuato; 150 miles north of Mexico City. San Luis Potosi—Population 61,000; 225 miles northeast of Mexico City; about 200 miles from Tampico; important railroad center. Pueblo—Population 95,000; 63 miles southeast from Mexico City; on railroad to Vera Cruz. Pachuca—Population 40,000; 55 miles northeast of Mexico City; on another branch of railroad to Vera Cruz from Mexico City. Guadalajara—Population 120,000; 275 miles northwest of Mexico City; on railroad to Mazatlan. Oaxaca—Population 35,000; 220 miles southeast of Mexico City; capital of Oaxaca. Chihuahua—Population 30,000; 225 miles south of El Paso; on railroad to Mexico City; capital of Chihuahua. Monterey—Population 62,000; capital of Nuevo Leon; on railroad from Eagle Pass to Mexico City and Tampico.

Internal Improvements: Railroad Mileage—16,000.

Important Terminals: Northern Frontier—Matamoros, Ciudad Porfirio Diaz, Juarez, Nuevo Laredo, Nogales. East Coast—Matamoros, Tampico, Vera Cruz, Progreso. West Coast—Guaymas, Mazatlan, Acapulco.

Interior—Mexico City, Guadalajara, Durango, Oaxaca. Telegraph Lines—50,000 miles. Postoffices—2,964.

The Associated Press

In times like these the unrivalled news service of the Associated Press is appreciated more than it is during times when only the ordinary happenings of the busy world occur.

Among every people in every nation, in times of war and in times of peace, in zones of extreme danger when news gathering is a task difficult of performance even by the trained correspondents of the Associated Press and impossible to others, the representatives are to be found. No matter what difficulties are encountered in the way of hostile army commanders and rigid censorship, the news—the real dependable facts—are sent to the outside world and yet there are always men on guard to watch for new developments. Going to, coming from and remaining on the scene of greatest activity and danger, the Associated Press representatives gather the news and send it regardless of cost to the millions of readers throughout the civilized world.

While it requires a big army of men to do the work of gathering war news in Mexico and sending that news out to the anxious world, no other field of human activity is left unscanned for happenings of interest.

During times of war like these, there is no cessation of work by the Associated Press in the every-day life of the world. The market reports are gathered with that care which insures absolute authenticity and the man whose mind is concentrated on business pursuits will find his news not one bit curtailed by reason of the extra strain.

The Associated Press is amply equipped to meet all demands for news and flash that news to its members. It neither acts on rumor nor sends out rumor for fact.

In a position to get the facts and only the facts, the Associated Press stands unrivalled in the work of gathering and disseminating news to its members.

Owing to the fact that the Associated Press is a purely mutual organization operated not for profit but for the benefit of its members only, it has proven immune to all attacks at the hands of powerful influences which would destroy it if unable to purchase its service.

Men of every shade of political belief, men of every religious faith, men of every nation are numbered among its members, thus insuring not only verity but absolute fairness in all its reports.

In the ordinary times of peace and prosperity we take the matchless service of the Associated Press, along with the other blessings of a progressive age, as a matter of course.

It is only in times of great political activity or times of war that people realize the rapidity and the correctness with which news is gathered in almost inaccessible places and flashed to every corner of the waiting world.

Poetry For Today

THE THINKER.

Back of the beating hammer
By which the steel is wrought,
Back of the workshop's clamor
The seeker may find the Thought,
The Thought that is ever master
Of iron and steam and steel,
That rises above disaster
And tramples it under heel!

Back of the motor's humming,
Back of the belts that sing,
Back of the hammer's drumming,
Back of the cranes that swing,
There is the eye which scans them,
Watching through stress and strain
There is the Mind which plans them
Back of the brawn, the Brain!

Might of the roaring boiler,
Force of the engine's thrust,
Strength of the sweating toiler,
Greatly in these we trust,
But back of them stands the Schemer
The Thinker who drives thing through
Back of the Job—the Dreamer
Who's making the dream come true!
—Berton Braley in American Machinist.

Weather Report

Washington, D. C., April 25.—Ohio—Showers Saturday, warmer northern portion; Sunday probably fair; fresh south to west winds.

Lower Michigan—Showers Saturday; Sunday probably fair; fresh southeast to south winds becoming variable.

Indiana—Partly cloudy Saturday; probably showers in north portion; Sunday fair; moderate southwest winds becoming variable.

WEATHER OBSERVATIONS.

JAPAN TO OPEN STEAMSHIP LINE

By Associated Press.

Tokio, April 25.—Notwithstanding the failure of the Japanese Diet to agree upon the budget, which was the immediate cause of the fall of the Yamamoto Cabinet, the government will advance funds for the subsidy of a tri-weekly steamship service through the Panama Canal to New York, feeling sure that the next session of the Diet will ratify the action.

Latest plans provide that the new line shall start from Yokohama and proceed to New York via Seattle, Panama and Colon. On the return trip the steamers will touch at New Orleans, Panama and Seattle. The original idea to make Boston the terminus has been abandoned for the present. Arrived at Yokohama, the steamers will continue on to Hong Kong via Kobe, Moji and Shanghai. On the way back to Yokohama they will call at Manila and Kobe. Japan considers the Chinese and Philippine connections necessary to make the venture profitable.

The Nippon Yusen Kaisha, which probably will receive a subsidy of about \$800,000 annually, will place nine 10,000 ton steamers in the Panama service. The government has selected Seattle as the Pacific port of call because it finds coal cheaper there than at Honolulu, and some port is considered necessary on the voyage of 7,660 miles from Yokohama to Panama. The voyage from Yokohama to New York via the Suez Canal, takes over 80 days, but the Panama route will require but 42 days.

PANKS. MUST GO

By Associated Press.

London, April 25.—The "Pankhursts must go!" promises to be the rallying cry of a new suffragette organization formed by leaders who believe woman's cause has suffered a setback by the practice of the leading militant society. A significant feature of the new movement is that it is fathomed by suffragists who were once strong supporters of militant tactics, but who, at various times, have been forced to withdraw from the Women's Social and Political Union.

The simmer of discontent, which now promises to break into revolt, began last year when Mr. and Mrs. Pethick Lawrence on their return from Canada were informed that Mrs. Pankhurst no longer desired their services on the executive committee of the organization. This intimation was carried to the Lawrences before their boat reached the dock. They were inclined at first to laugh at it as preposterous, but on landing they found that Mrs. Pankhurst had made herself so powerful during their absence that it would be hopeless to fight her edict, so out they went.

CLOSES OUT PIANO BUSINESS

Mr P. E. Gross, of Springfield, closed out his piano business in this city Friday in order to accept a position on the road for Chute & Butler Co., of Peru, Ind.

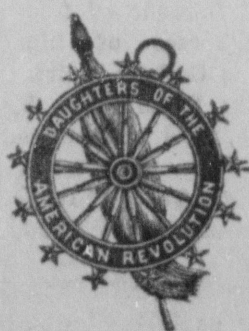

Mr. Gross was quite successful in disposing of his entire stock of instruments, the last one, a handsome piano player, being sold to Mr. R. C. Peddicord.

In the fall Mr. Gross expects to return to Washington and again go into the piano business, bringing in a carload of pianos and piano players.

SOLDIERS GUARD PANAMA CANAL

Panama, April 25.—A guard of 400 soldiers of the Tenth infantry was placed on the locks at both ends of the canal. There is no present danger of an attack being made, but Governor Goethals wants to be prepared for any emergency. The largest ship in the United States navy could use the canal today.

FARMER UNDER SERIOUS CHARGE

Fremont, O., April 25.—James Morris, a Townsend township farmer, owning several farms, was bound over to the grand jury on a charge that he performed a radical operation on Grant Gilbert, 27, farmhand, employed by him. Morris followed Gilbert into a shed and overpowered, bound and gagged him. Physicians say Gilbert will recover. Morris claims as his defense that Gilbert was too intimate with a relative.

JUSTICE INDICTED

Lancaster, O., April 25.—Squire Perry Waits, justice of the peace of Oakland village, was arrested, charged with stealing wheat from the granary of Henry Freese of Stoutsville. Waits was indicted by the grand jury on a charge of burglary and larceny.

OPPOSE STRIKE

Indianapolis, Ind., April 25.—United the Workers of America have taken positive stand against a general strike and have authorized each district to settle its own difficulties in conference direct with the operators.

PLANT BURNED

Marion, G., April 25.—The lime and sulphur plant of John D. Owen & Son at Owen, five miles south of here, was destroyed by fire. Loss \$10,000.

Hereby announces his candidacy for the Republican nomination for REPRESENTATIVE.

Barely Possible to Cross Atlantic In Air, but Attempt Would Be Height of Folly

By ORVILLE WRIGHT, Aviator

It is a bare possibility that a one man machine without a float and favored by a wind of, say, fifteen miles an hour might succeed in getting across the Atlantic, but such an attempt would be the height of folly. When one comes to increase the size of the craft the possibility rapidly fades away.

THIS IS BECAUSE OF THE DIFFICULTIES OF CARRYING SUFFICIENT FUEL. ON THE BASIS OF THE FIGURES WHICH I HAVE WORKED OUT I FIND THAT NO LESS THAN FIFTY-THREE PER CENT OF THE ENTIRE LOAD, INCLUDING THE WEIGHT OF THE MACHINE ITSELF AND ALL, WOULD HAVE TO BE FUEL. IN OTHER WORDS, IF THE AEROPLANE, LOADED AND READY TO START, WEIGHED ONE THOUSAND POUNDS WITH AVIATOR AND ALL ABOARD, OF THAT TOTAL FIVE HUNDRED AND THIRTY POUNDS MUST BE GASOLINE. AND THESE FIGURES ARE BASED ON THE MOST EFFICIENT PERFORMANCE OF THE MOTOR ALL THE WAY AND THE LOWEST KNOWN FUEL CONSUMPTION. IT WILL READILY BE SEEN, THEREFORE, WHY THE ATLANTIC FLIGHT IS OUT OF THE QUESTION.

IMMENSE CROWDS GREET HAGENBECK-WALLACE SHOW

Afternoon Attendance Large With Prospects of Still Larger Crowd Tonight—Big Circus Far Above Average—Interested Spectators Watch Work of Unloading and the Raising of Tents—Parade One of Best Ever Given in Washington.

With its eighty-seven railroad cars carried in three sections of a special train the Hagenbeck-Wallace Circus arrived in town this morning and by noon the "big top" was pitched on the circus lot and everything was in readiness for the first performance of the day.

The big show arrived from Dayton over the C. H. & D., reaching this city early this morning, and the work of unloading was taken up immediately.

On account of the rain the street parade which is always the big feature of "circus day", was postponed until 1:30 in the afternoon. Those who did wait in the rain were repaid by seeing the gorgeous pageant, massive in splendor, a riot of harmonious colors, an inspiring sight as it moved over the principal streets of the city.

One of the features of the parade was "Big George" the giant hippopotamus, housed in a steel cage. George knows how to appear to especially good advantage before the ladies for every time he passed an especially attractive group he would open his mouth as if to smile. My, what a smile. It made the children cling tighter to the skirts of their mothers and gave the elders a vision of the African jungle.

Early in the day the circus ground became the mecca for a great army of small boys and grown-ups. They were there to see it all. The making of the tented city proved entertaining. The immense tents were raised into the air with an ease that was astonishing to the staid business man. The system used was interesting. Every man seemed to know his particular task or duty. Order seemed to come out of chaos.

Improvised snack stands and vendors did a land-office business in the vicinity of the show grounds. It was a great day for the balloon men. The side shows proved to be a magnet for the early crowds. There was the usual long line of pictorial painting descriptive of the wonders to be seen just on the inside. The side show band trumpeted and played its usual seductive strains, and the result—there was a constant stream inward-bound to see the fat lady, the giant, the bearded lady, and, of course, the "wild man from Borneo."

It was shortly after 2 o'clock when the doors to the menagerie were thrown open. An hour was allotted for inspecting the famous Carl Hagenbeck menagerie, said to be the largest and costliest in the world. It contained many rare and interesting specimens, among them being "Big George," the largest hippopotamus in captivity.

While the afternoon attendance was large, a much larger crowd is expected at the night performance, and the immense "big top" has a seating capacity adequate for all.

The show goes from this city to Cincinnati.

CROWDED HOUSE FOR SECOND PERFORMANCE

A packed house witnessed the second performance of Pinafore, Friday night and kept up a continual round of applause.

The opera went off with the same swing and success of the previous night, the solo parts perhaps stronger and the acting more effective.

With even greater success than on the previous night, Paul Craig, as the gallant captain, sang and acted his way into the favor of the audience and was encoered again and again. His was a strenuous role and deserved all the plaudits received.

Both Paul Craig, as Capt. Corcoran and Robert Craig, as the Rt. Hon. Joseph Porter, K. C. B., were at their best Friday night. Sir Joseph was arrogant and imposing to a degree that delighted the audience.

Dick Deadeye (Howard Gray) also put on a few extra stunts, in which he was assisted by Robert Rothrock, having a good make-up as an Irish seaman.

"Little Buttercup," Miss Parrett, captivated her audience as on the previous night and her scene with Capt. Corcoran was one of the prettiest of the opera.

Miss Woodward was certainly as pretty a daughter as the captain could desire and both she and her lover (Emerson Chapman) did their best work Friday night.

The choruses were again splendidly sung, the pretty girls, the ready sailors and the tuneful music contributing to the brilliant ensemble.

Miss Elizabeth Sheen, manager and Miss Lillian Davis, pianist, were called before the curtain with the leading members of the cast.

Both Miss Sheen and the Glee clubs were much indebted to Supt. McClain for the efficient aid he rendered in whatever line most needed, especially in the stage preparation.

ANNUAL SALE COMES TO END

By strenuous work the greatest sale ever conducted by the Ohio Horse Sales Company in this city was brought to a close between five and six o'clock Friday evening, without the necessity of a third night session.

It was by far the most successful sale ever held, and the 390 head of animals passing under the hammer invariably brought the high dollar, and the general average is said to have been about \$240.

In closing the sale Friday evening it was necessary to sell 132 head of horses and mules, but the auctioneers did not rest and some record sales were made.

Helen Taft, 2:12 1/4, topped the sale at \$950, the first bid being \$500. H. H. Rogers, of Dayton, purchased the fine animal.

Major C. consigned by Hunter C. Moody, of Lexington, Ky., went to the United Horse Shoe Company, of Erie, Pa., the price received being \$610.

While the sale has been in progress in this city it has attracted wide attention to Washington and to Fayette county, and has established Washington as one of the best horse centers in the United States.

LIQUOR THIEVES ARE FOUND GUILTY

Archie Lyle and William White, two Greenfield men indicted for stealing whiskey and beer from a D. T. & I. car at Greenfield, have entered pleas of guilty and each drew \$100 and the costs and 30 days in the Xenia work house.

The two are said to be the ring leaders of a gang of young men in Greenfield who have robbed a number of D. T. & I. cars and obtained the liquor carried by the cars.

AT THE PALACE THEATER MONDAY

With all the exploration of the polar regions little information of a precise character has been collected. This is not so strange, after all, when it is remembered that most of the daring adventurers who have penetrated the wilderness of ice and snow have gone northward in a mad dash for the pole. The expedition sent in the polar seas last summer, however, by the Carnegie museum, went for the purpose of gathering scientific data, specimens of birds and animals inhabiting the bleak regions and to obtain, as well, a record of such life as might be encountered beyond the arctic circle. Among the records obtained are those in the moving pictures, filed in the archives of the museum and, by order of the institution, and by its permission, exhibited in various cities throughout the country.

The expedition going via Alaska, penetrated to within sixteen degrees of the pole. It touched the waters north of Wrangell island, within 800 miles of the goal where Peary planted the stars and stripes 3 years ago. Here, singular enough, the only polar expedition ever taking the Alaska route, perished in 1881. It was the ill-fated DeLong expedition, sent out from San Francisco. Only nine members of that gallant company of explorers returned to civilization and it was only after the most terrible suffering and hardships, that they succeeded in landing on the Siberian coast near the mouth of the Lena river and making their way, thence homeward.

The Carnegie expedition found plenty of game, near Wrangell island but, strange to say, on the Greenland side, in this same belt, no game at all is to be found. For, at Cape Sabine, on the bleak coast of Smith Sound, while practically no further north than the point reached by the sort is to be found. Here the Gree-Carnegie expedition, no game of any ley survivors wintered in 1884 and of the commander's crew, only six lived through that terrible ordeal when, for months, they were without food. Greeley and his six companions were rescued at the moment when all of them had abandoned themselves to death.

Sergeant Julius R. Frederick, connected for many years with the Indianapolis weather bureau, and who died only a few years ago, was a member of the Greeley expedition. It was due to his heroism, to a great extent, that any survivors at all greeted the relief expedition. Sergt. Frederick, in describing his adventures during this long and terrible winter on Cape Sabine, often said that game abounded further north and further south, but that Greeley cast the winter camp in a belt that, unfortunately, was barren of all animal life.

ARBOR DAY OBSERVED THROUGHOUT COUNTY

Friday, Arbor Day, was observed by scores of public schools throughout the county, and several hundred trees were added to the number already upon the various school grounds.

In many schools programs were carried out in accordance with the custom established several years ago, and children took deep interest in the tree planting.

According to the usual procedure the Washington C. H. schools generally observed the day.

The primary grades of Central, Sunny Side and East End planted trees, and held interesting exercises appropriate to the occasion.

Each class of the High school recognized the day in brief programs and at their close all of the Central grades were congregated in the auditorium to listen to a most interesting address by Miss Anna Logan, of Oxford.

The head of the Teachers' Training department of Miami university, and in charge of state primary work, Miss Logan is a brilliant woman and magnetic speaker.

Her short address contrasted school opportunities of the old country with those of our own country, greatly to the advantage of the latter. The speaker made a beautiful little application of Maeterlinck's "Blue Bird", joyfully returning home after long wandering. Miss Logan has personally given time and study to foreign schools and speaks from intimate knowledge.

REPRIMANDED FOR CRUELTY TO ANIMALS

When Carey Short, well known horseman of near Circleville, faced Mayor Coffey Friday evening to answer to a charge of cruelty to animals, he was reprimanded and allowed to go without fine.

The trouble arose over complaint made by members of the Humane Society against the practice adopted by Mr. Short in allowing one horse to lead another by fastening the halter of one animal to the tail of the other.

Mayor Coffey stated that the practice was frequently used in this city on stock sales day, and that no complaint had been made previous to this time.

However, it is the determination of the Humane Society to begin the work of stopping the method of leading horses, beginning in this city, and then if a man from outside the city offends, he will be dealt with accordingly.

It is pointed out that a lunge on the part of either animal would cause intense pain to the horse whose tail was being used to lead the animal following.

TAKES JUDGMENT

E. H. Newman, in Common Pleas court, Saturday morning took judgment in the sum of \$261.05 against Ed Taylor et al. Plaintiff is represented by J. D. Fisher.

NO CHOIR PRACTICE.
There will be no choir practice at Presbyterian church tonight.

PROGRESSIVES GET INTO THE CONTEST

In all probability there will be a three-cornered fight for the office of Representative, in this county.

A few days ago former Probate Judge A. C. Patton entered the field for nomination on the Republican ticket.

Saturday it was learned that petitions are in circulation to place Mr. Almer Hegler in the field on the Progressive ticket, for nomination for representative.

So far the Democrats have no candidates in the field, but one or more is expected to enter, making a three-cornered contest for the office of representative.

It is understood that the Progressives will also place other candidates in the field, and that there will be three-cornered contests for some of the county offices.

MAY ENTER RACE IN GREENE COUNTY

Mr. and Mrs. John Baughn re turn to Jamestown Sunday evening, where they again will take up their residence.

For the past year Mr. Baughn has been actively associated with The Ohio Horse Sales Company, The Horse Journal and The Advertiser, and has proven himself an exceptionally able man for the work.

Mr. Baughn has, for some time, been a member of the Greene County Board of Elections, and upon his return to Greene county will, in all probability, enter the race for sheriff of that county, being a candidate on the Republican ticket.

SUCCESSFUL YOUNG HORSEMAN

Mr. J. C. Mitchell, of Mechanicsburg, who has been the guest of Mr. Os Briggs this week for the Horse Show and Sale, returned Saturday to his home.

Mr. Mitchell was one of the younger horsemen attending the sale, but is already becoming known as a successful breeder of fine horses. One of the horses of his consignment, "Ontime Colbert," sire Colbert 2:07, 1st dam Rosella Jr., by R. Ontime, 2:07 1/4, was pronounced one of the best horses that went through the sale. Mr. Tate, of Ithaca, N. Y., was the purchaser at \$320.

OPENS BRANCH STORE.

PERSONAL PARAGRAPHS

Mrs. James Summers is entertaining her mother, Mrs. Stonerock, of Williamsport.

Mr. Will Shimp and son, Donald, are up from Greenfield to attend the circus.

Clint Pavey and Donald Morris, of Sabina, are the guests of Mrs. W. E. Morris to attend the circus.

Misses Hattie Pinkerton and Lilian Van Kirk are entertaining a week-end house party, their guests, Mrs. George Paxton, Misses Clara Henkel, Fern VanKirk and Anne Kries, of Springfield.

Miss Mary Morris, of Columbus, was the guest of Mrs. Frank M. Fullerton Friday night to attend Pinafore.

Mrs. Frank L. Stutson returned Saturday from a two weeks' visit with her sisters, Mrs. William Simpson and Mrs. George Allen, in Chicago, and brother, Mr. Chas. Stimson, in Lafayette, Ind.

Mr. Kelly Rodgers, who was called from Alden, Mich., by the death of his uncle, Mr. Sheridan Dixon, will remain for an indefinite stay.

Mrs. Mark Marchant has returned to her home in Lima, after a ten days' visit with her mother, Mrs. Mary Patton.

Mrs. Zeltha Holland, of Reynoldsburg, was the guest of Mrs. Will Klever this week.

Miss Lela Harvout left Friday afternoon for a visit in Cincinnati.

Mrs. J. R. Marshall is visiting her daughter, Mrs. Fred Wilson, in South Solon.

Mrs. John Ray and children, of Mt. Sterling are the guests of Mrs. Ray's sister, Mrs. James Flynn.

Prof. W. W. Davies is home from Delaware to spend Sunday with his wife.

Rev. Arthur J. Marbett, pastor of the Wilmington Presbyterian church and a classmate of Rev. W. I. Campbell at Princeton seminary, will fill the Presbyterian pulpit Sunday, Rev. Gage preaching in the First Presbyterian church at Chillicothe. Rev. P. J. Hennes goes to Wilmington and Rev. Moore, of Bloomingburg, will preach at East End Chapel.

Mr. and Mrs. C. P. Ruff returned to their home in Newark yesterday, after a visit with Mrs. Ruff's sister, Mrs. A. N. Evans.

Mr. John Link, of Hillsboro, visited relatives and old friends here this week while attending the Horse sales.

Mr. and Mrs. C. E. Lloyd spent the past two days in Columbus.

Mr. and Mrs. Jos. Call and sons, Harry, Fred and Robert, are the guests of Mr. Jos. Butcher and family today.

John Burke, superintendent of inside tickets, and Billie Backenstoe of the reserved seats, with the Hagenbeck-Wallace circus, are greeting their Washington friends today.

Messrs. Carl and Will Summers will spend Sunday at their home in Jackson.

Mrs. Frank Zimmer, of Urbana, was the week-end guest of her sister, Miss Marie Grove for Pinafore.

Mrs. Roy McKeehen, Misses Will Huston and Ruth Patton were the guests of Mrs. Joe Murphy the last few days.

Miss Kathleen Parker, of Bloomingburg, is the guest of Mrs. Andy Henkle over Sunday.

Mr. and Mrs. Will Tuttle and daughter, Mary Virginia, of Springfield, are the week end guests of Mr. and Mrs. J. T. Tuttle.

Misses Helen Ginn and Lelia McGuire, of Columbus, are the guests of Miss Lulu Rowan, coming especially to attend the opera of Pinafore. Miss Melba Hegler, of Fairview, was the guest of Miss Naomi Rowan for the opera.

In Social Circles

After the opera of Pinafore last night Mr. and Mrs. D. S. Craig assisted by their sons, Maynard, Paul and David, gave an informal little reception at their beautiful home in compliment to their guests, Miss Margaret Rathwell, of Columbus, and Miss Dorothy Stevens, of Cincinnati.

Of course the opera and its incidents provided special interest to the little gathering of about 20 guests. Light refreshments were served.

Miss Margaret Rathwell, of Columbus, is the guest of Mrs. D. S. Craig and family and will remain over Sunday.

Mr. Scott Fisher, Mr. Joe Fisher and family attended the funeral of an uncle, Mr. George Fisher, at Frankfort Saturday.

Mrs. Alex. Ballard is spending the day in Cincinnati.

Mr. Joe Sheridan and daughter, of Sabina, are among the visitors in town today.

Miss Agnes Monroe who has been the guest of Mrs. Earl Barnett and Miss Myrtle McCoy, returned to her home in Muncie, Ind., today.

Mr. and Mrs. George Ghormley and son, and Mr. and Mrs. Chas. Lough, of Ghormley Station, were shopping visitors here today.

Mr. and Mrs. Joe White, of Good Hope, visited relatives here today.

PRISONER PROVES TO BE A FORGER

The man arrested by Sheriff Nelson and Sheriff Mulligan, of Athens county, Friday, was one, Herbert Hunkaford, a young white man, charged with forging two checks upon Athens business men.

The fellow was employed on a farm near Bloomingburg, and the officers experienced little difficulty in locating their man and placing him under arrest.

The fellow admitted that he had passed the checks in question, but stated that they were given to him by a companion who is now in West Virginia.

Efforts will be made to locate the other man and bring him to justice.

CLAIMS SHE HAS NOT BEEN NEAR HOY

Mrs. John Harmon, whom her husband suspected of eloping with William Hoy has returned home and states that she has not been with Hoy as claimed, but had been visiting relatives in Springfield.

It will be recalled that Harmon filed an affidavit for the arrest of William Hoy, charging a serious offense.

Mrs. Harmon denies that she was with Hoy at all, and that she can prove her whereabouts by cousins in Springfield.

TWO BICYCLES HAVE BEEN STOLEN

Two bicycles were stolen in this city during the past 24 hours, but so far one of the wheels has been recovered, being in the possession of a colored youth named Dixon, who was released when he told of how he had come into possession of the wheel, and his story was apparently a straight one.

So far the other wheel, which belonged to a Jamison boy, has not been recovered, although the police are still working on the case.

BAD STORM

Frankfort suffered a bad wind storm and one of the heaviest rain storms of that section for a long time Saturday. The water came down as if from a cloud burst.

MARRIAGE LICENSES

Wednesday evening prayer meeting. All are welcome.

Thursday evening, a concert will be given at the church by the elderly people. You are invited.

Friday evening class meeting. Please be present.

SPRING FEVER BULLETIN OUT.

Rules For Diet and Dress to Counteract Lassitude.

New York.—A list of instructions for the fighting of spring fever was issued by the Young Men's Christian association in a health bulletin for members. It urges first of all that "neither gin rickys and highballs nor beer should be used as a cure for spring fever," adding that neither medicine nor alcoholic drinks of any kind can cure that malady. The real cause of the general lassitude of office folk these days, the bulletin asserts, is the clogging up of the body with food beyond the amount necessary to supply the proper amount of heat units.

The bulletin urges the observation of these health rules:

"Eat lightly. The body doesn't need the amount of food that it does in winter."

"Exercise regularly. Help nature by training down."

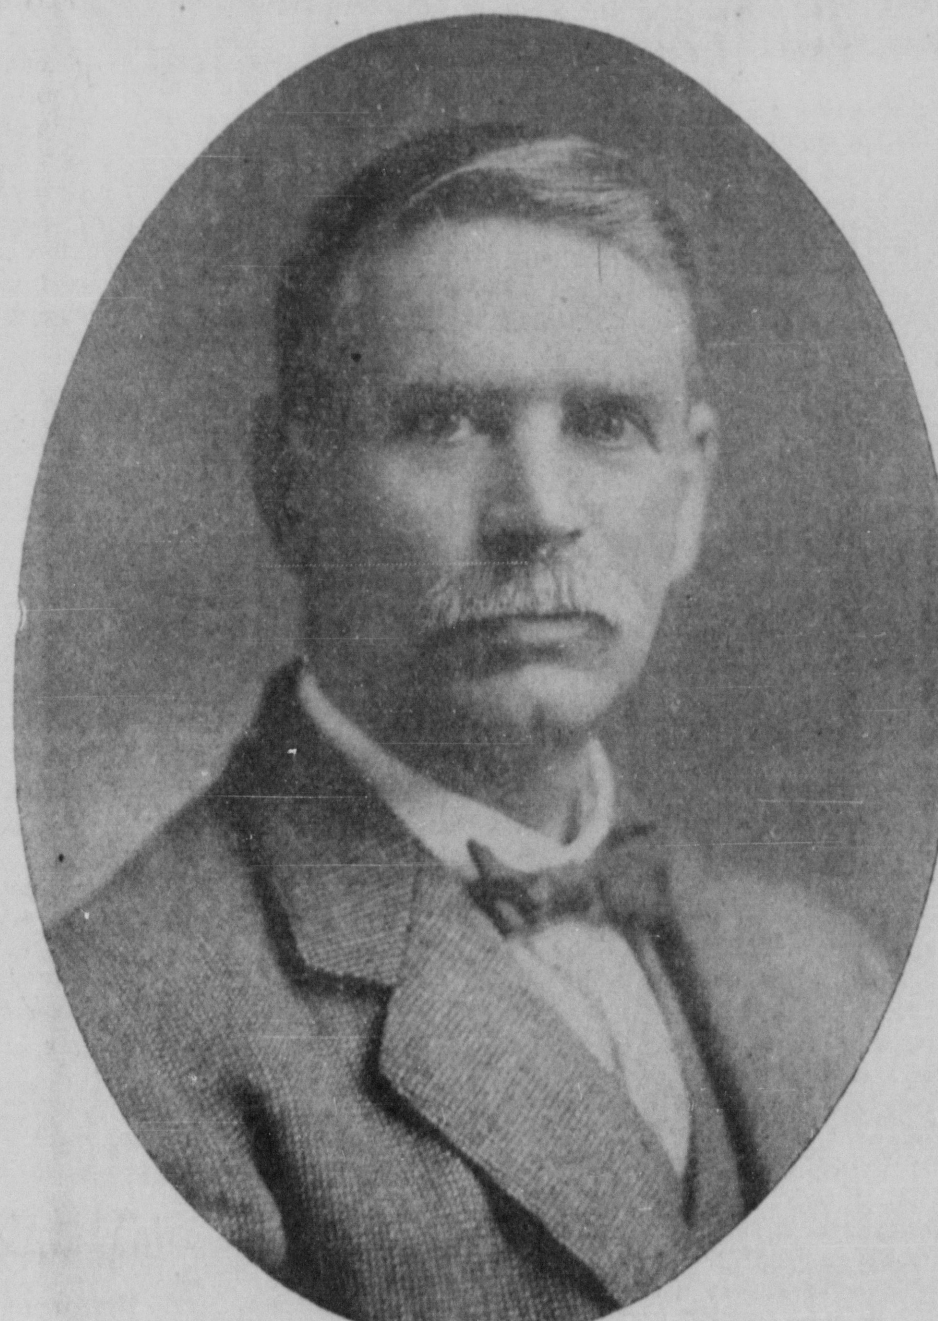

"The man with the paunch may look prosperous, but it's dollars to doughnuts he'd feel better without the abdominal hump."

"Dress for the season. Discard your heavy winter clothing, but do it gradually."

"Breathe in plenty of fresh air to wash the blood and help carry off waste."

"Most people experience a distaste for fat foods at this season. It is a good thing. Shun fat foods. Your body doesn't need them."

"Eat plenty of fresh vegetables and fruits. A tasty salad is more beneficial than steak."

CHARLES ALLEN.

Prominent Horseman and Owner of the Huge Sales Pavilion Where the Spring Sales are Now in Progress.

EXILE DIED IN 104TH YEAR.

Baron de Turckheim Was an Intimate Friend of Chopin.

Montreux, Switzerland.—Baron Ferdinand de Turckheim, a French Alsatian exile since the Prussian conquest, died here in his one hundred and fourth year. He was an intimate friend of Chopin and celebrated his one hundred and third birthday on March 31 by playing some manuscript pieces presented to him by the composer.

Baroness de Turckheim, who was born in 1819 and to whom he was married in 1843, is still living and was at her husband's bedside when he died.

90 YEARS IN SUNDAY SCHOOL.

And Paxton Never Missed It Once in Sixty-four Years.

St. Louis.—A state wide contest for continuous Sunday school attendance was won by William McClung Paxton, ninety-four years old, of Platte City, Mo., who produced certificates from ministers and others to prove that for sixty-four years he has not missed a Sunday.

He has been attending Sunday school for ninety years, but there was a break in his record just prior to 1850.

Girl Poisons Two Wolves.

Mountain Home, Ark.—Miss Anna Adams, daughter of E. E. Adams of Big Flat, poisoned two wolves a few nights ago that had killed a goat for her the day before. She put poison in the carcass, and next morning when she went out to see the results there were two black timber wolves stretched out dead. The larger of the pair weighed eighty-four pounds.

MEXICANS LOST MORE THAN 300

Admiral Badger Reports Casualties at Vera Cruz.

OVER ONE HUNDRED KILLED

Quiet Now Prevails In the City and Affairs Are Gradually Being Straightened Out and Confidence Restored — Greatest Possible Care Being Taken In Relief of Refugees, American and European.

Washington, April 25. — In a dispatch filed at Vera Cruz, Admiral Fletcher reports the list of casualties for the Mexicans as 126 killed and 195 wounded, making the total casualties 321. Admiral Fletcher further reported to Admiral Badger that quiet prevailed in Vera Cruz and that affairs are gradually being straightened out and confidence restored.

The navy department has given orders that the greatest possible care

be taken in giving relief to refugees. It is constantly receiving reports of new arrivals at the east and west coast ports seeking berths on American ships. Additional dispatches to the department showed that approximately 2,000 American refugees are being cared for on chartered ships, which soon will sail for Galveston under convoy of warships.

Signs of uneasiness abroad because the United States, though not having declared a blockade or a state of war, is exercising jurisdiction at Vera Cruz between measures "short of war" and actual war, are apparent. Cabinet officials said no attempt would be made to interfere with regular channels of commerce anywhere, cargoes being allowed to land at all points. Munitions of war alone will be held at the Vera Cruz customs house if landed, provisions and other commercial supplies not being detained.

But outside of the diplomatic branch of the government, the army and navy continued their plans for the holding of Vera Cruz, the care of refugees, the provisioning of American forces and the maintenance of a strict border patrol, not only to prevent raids and uprisings, but to keep all factions in Mexico from obtaining munitions and arms from the United States.

Library of Congress and that he would in turn present the will of Martha Washington to the nation for the same disposition.

Neither of these proposals met with the approval of Governor Stuart who stated the people of Virginia held that the will of Martha Washington was a part of the legitimate records of Fairfax county. Governor Stuart then renewed his request that some agreement could be arrived at and there apparently the matter rests so far as disclosed by correspondence given out by Mrs. Storey.

WASHINGTON WILL IS STILL BONE OF CONTENTION

By Associated Press.

Washington, D. C., April 21. — Correspondence between Governor Stuart of Virginia and J. P. Morgan concerning the will of Martha Washington which is in Mr. Morgan's possession, was read to the Daughters of the American Revolution today by Mrs. William Cummings Storey.

The letters show that the matter was opened by Governor Stuart through W. L. McCorkle, President of the New York Southern Society in March last. In reply Mr. Morgan said his only desire was that the document should be placed where it could be best preserved and of most use to the people of the United States. Not considering the court house building of Fairfax county, Virginia, to which Governor Stuart desired the document returned, and where the will of George Washington now is, as fireproof or accessible to any large number of people, Mr. Morgan made two propositions.

One was that the State of Virginia or Fairfax county should place the original will of George Washington on exhibition at Mount Vernon for an indefinite period and that if this were done, he would present the will of Martha Washington to the Mount Vernon Association for permanent exhibition there.

The other was that should the Virginia authorities not be willing to do this, the will of George Washington should be presented to the

EFFEL TOWER 25 YEARS OLD

By Associated Press.

Paris, April 25. — The Eiffel Tower has been celebrating its silver jubilee. On April 2, just 25 years ago, the French flag was hoisted on its summit. It was the principal attraction of the Exposition of 1889. Both at the time of its erection and afterwards it was the subject of hostile criticism on the part of artists and men of letters.

The composer, Charles Gounod, the great poets, Leconte de Lisle, Sully Prudhomme, Francois Coppe, the novelist, Guy Maugassant, united in protesting against the disfigurement of Paris by a structure which would not be tolerated even "by commercial America." Other critics declared that it would not last twenty years, but it stands today as strong as ever to vindicate its creators, the symbol and triumph of modern industry. For the Eiffel Tower was the pioneer of the light metallic construction which makes possible by its suppleness and enormous strength the most daring conceptions of the architect and engineer.

The famous tower is, indeed, a miracle of lightness with all its 8,000 tons of metal, as a simple calculation shows. If a model on the scale of one-thousandth were made it would be 12 inches high and would only weigh 28 ounces, the weight of a thick sheet of paper.

At first hardly more than an engineering curiosity, the Eiffel Tower found its vocation when wireless telegraphy was invented. Now the correct time and a budget of the latest news is flashed from it twice daily to ships at sea and far-off French colonies in Africa.

CIVIL WAR IN COLORADO

Washington, April 25. — It was stated at the White House that up to the present time President Wilson has not taken any personal hand in the civil war now in progress in the coal mines of Colorado. Some time ago he directed the federal mediation board to do what it could to settle the conflict between the mine owners and the miners. Their efforts were unsuccessful. Regarding a report that the president had agreed to send federal troops into Colorado, Secretary Tumulty said: "No such statement has been authorized. The governor of Colorado has not asked for troops."

The Colorado strike, with its civil war conditions and a death list that equals the Vera Cruz battle, occupied much of the attention of the cabinet meeting. Secretary of Labor Wilson explained the unavailing efforts he has taken to force a settlement of the strike.

ROOSEVELT IS SHUT OUT

Washington, April 25. — Colonel Roosevelt will have no opportunity to raise a regiment or brigade as he did in the Spanish war. This was made clear to a number of officers of the Massachusetts militia, who called upon Major General Wotherspoon, chief of staff, urging that the Massachusetts troops be given an opportunity to go to the front as soon as any volunteer regiment which might be raised.

Organizations of Spanish war veterans such as offered its services from Colorado will not be accepted until all the militia has gone to the front, according to the present intention of the war department.

TWENTY KILLED

Washington, April 25. — The condition of most of the sailors and the marines wounded in the Vera Cruz fight was reported on favorably by Admiral Badger. A statement was given out by Secretary Daniels showing two additional dead as the result of the engagement, bringing the total up to 20.

ECHO OF QUAKE COMES TO JAPAN

By Associated Press.

Tokio, Japan, April 25. — The plight of poor Japanese in the north who have been suffering from famine has been increased by the disastrous earthquake of March which caused great devastation in a zone of about 20 miles square around Akita on the island of Honshu. The city of Akita was damaged only slightly but in the country nine towns and forty-one villages were seriously damaged, some villages being entirely annihilated. About 1,000 houses were completely destroyed and about 100 persons were killed, according to the latest reports.

The earthquake came at dawn. The motion was horizontal at first, but after twenty seconds turned into a violent perpendicular movement greatly increasing in velocity until it broke the seismographs. The upward movement, which is particularly feared in Japan, caused hundreds of houses to collapse and scores of people were crushed to death, having no time to escape. The affrighted people who succeeded in getting out, rushed to the railroad in an attempt to escape from the earthquake belt, but found the rails blocked with stones and earth. Dangerous holes and trenches were opened in the streets from which rose a cloud of dust and debris.

A Japanese reporter who made a trip through the devastated district found misery and pathos. Some victims had erected huts in the roadway where the mud was knee deep. He found the village of Kowakubi in absolute darkness except where a few straggling lights feebly showed a scene of destruction. Not one of the one hundred and forty houses remained intact, a score of people had been instantly killed and eighty were more or less seriously injured. The

postmaster had gone mad from seeing the violent death of his wife.

A few days after the earthquake the long extinct volcano on Mount Chokai suddenly became active. The mountain which is near the coast and overlooks the sea of Japan is known as the Fugi of Akita. Its summit is covered with snow even in mid-summer. A great mass of smoke and fire suddenly burst from the southwest crater, and soared heavenward.

RIGHT PERSONS BUT IN WRONG PEW

A couple giving the names of William Smalley, 21, and Nellie Lytle, 18, applied at the local Probate Judge's office, Friday afternoon, and asked for a license to wed.

The usual questions were asked and in a few minutes the license would have been issued, but when it was learned that both were from Ross county and were evidently bent on "surprising their friends."

It was two very badly disappointed young people that left the office and caught the evening train for Chillicothe with a view to obtaining the necessary papers.

Four Per Cent and Safety

For a number of years this Old Established Bank has paid Four Per Cent. Interest on Time Deposits. It has been able to do so by reason of its special facilities in making high class real estate mortgage loans.

Four Games in a Row Will be the
Lot of Local Ball Tossers Next
Week

KANUCK TEAM MONDAY TOUTED AS REAL CLASS.

New Third Sacker Will Perform for
First Time Tomorrow and Turner
Is His Name.

The second game of the local baseball season will be played at the Athletic park on Columbus avenue Sunday afternoon at 2:45 o'clock. This time the Chillicothe team, sailing under the name of Maroons, will attempt the task of humbling our boys in defeat.

The visitors will line up in the following order:
Coroan, 1b; Crow, 2b; McNeal, ss; Mallow, 3b; Juenger, lf; Hearn, cf; Crouse, rf; Berlie, lme. Hendrixon, p; Chrischold, c.

The local team will line up with Reno and Hagerty in the points and the guardians of the inner and outer gardens the same as in the game last Sunday, with the exception of the third corner. Turner will be seen on third for the first time. The new third sacker gives promise of delivering the real goods in large bundles. Monday, Tuesday and Wednesday the team from London, Canada, will cross bats with the local team, the game each day beginning at 3 o'clock fifteen minutes later than the Sunday games.

Four games in a row will, this early in the season, give a line on the ability of the locals as long distance goers.

The "Kanucks" come highly touted as the big noise in amateur baseball circles and preceded by the announcement that they are, in this tour only enjoying a spring training trip.

SPORT LETTER

Cincinnati, O., April 25.

No haste is being shown by Manager Herzog of the Reds, in the matter of ridding himself of surplus material. While some of his youngsters have been turned over to the minors for further development, quite a number of the youths garnered from the various leagues last fall still are among those present, and will remain for a while longer. Heretofore it has been the practice of Reds' managers to give the preference to veterans, this being especially true of the pitching department, and allowing the youngsters but few opportunities to break into the line-up. Herzog is working along different lines.

He is taking no chances of making mistakes regarding the boys who looked good to him during southern practice, and so is giving all those that displayed some features of major league form to show what they can do. Pitchers Davenport, Douglass, Adams, Lear and Ingersoll, all have been in championship games this season, as have Catchers Gonzales and Von Kolnitz and all the recruit infielders and outfielders. When final cutting down comes it will be based on actual performances and not on guess work, which is as it should be.

Of the two National league teams that have opposed the Reds so far this season, the Pittsburghs appear to have far and away the best of it. Their infield works more smoothly, the outfield really is better and their pitchers and catchers are fully equal to those of the Cubs. Add to this the greater influence of Manager Clark over his men, and it is plain that, viewed at the present time, the Pirates are a safer bet for high honors than the Cubs. In the eastern division of the National League New York and Boston, of whom most was expected, have been having the poorest results. It is not expected that they will continue in their early rut; at the same time they are taking on a handicap by losing their early games.

That followers of the game are partial to young players and like to see debutants succeed was clearly demonstrated at Sunday's game between the Reds and the Pirates, when the real spirit of the crowd was displayed on the appearance of Catcher Mike Gonzales and Pitcher Adams. The Cuban backstop has been touted as an able man in every respect, and his work so far has justified the recommendation. Adams is not so well known, but the very fact that he is a youngster secured for him an enthusiastic reception. This preference of youngsters will be recognized by Manager Herzog in future Sunday games, and he promises to have several of his new start in the line-up against the Cardinals next Sunday, and against the Pirates when they come again on Sunday, May 2.

American opponents of the fighting game should take a page out of the book of King George, of England, who has placed his o. k. on the boxing game by attending several matches at the barracks of one of his favorite regiments. Of course, the "kink" does not favor brutality in the ring, any more than it is favored in America; but when it comes to applauding neat footwork, a good wallop or clever defense, the ruler of Great Britain gets an enthusiastic as any East Side "bloke." Whether this interest in the fighting game on the part of the king will have any influence on the sport in America remains to be seen. But it certainly will give boxing a boom over in "Merrie England."

There is a lively scramble on resurrections of the old style of racing

BIG AGRICULTURAL LAND OPENING!

TWENTY HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open **Twenty Thousand Acres of rich, Southern Georgia Land**, which is admirably adapted to the growing of celery, sweet and Irish Potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty to The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefiting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,208.45, and that one acre of well-cared-for paper shell pecans in full bearing should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful and invigorating; and there is an ample rainfall of 51 inches per year.

Our Aim Is For Mutually Beneficial Results

As we are extremely desirous of having settlers locate on this property and assist in its development, and thereby greatly increase the value of surrounding land, and the property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and to facilitate the service, we feel warranted in granting these business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making" afterward" considerations in this liberal-minded opening similar to those of the North-

ern Pacific and other railroads when they granted their lands and we expect to benefit thereby as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting interested parties in excess of the number of tracts to be taken, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted and the opening will be held at Brownstown, Wayne County, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon as after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at for there will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted as soon as possible.

With the ever increasing population of this country there is no corresponding increase of the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

SOUTHERN GEORGIA RAILROAD LAND DEVELOPMENT BUREAU,
COLORADO BUILDING, WASHINGTON D. C.

Southern Georgia Railroad-Land Development Bureau,
Washington D. C.
Registration Department:
I hereby make application to register for your Fruit and Agricultural Railroad-Land Opening, and furnish you with the correct answers to the following questions:
Name.....City.....
State.....Street or R. F. D. No.....
Age.....Married or Single.....Widow, Widower or Orphan.....Occupation.....
Nationality.....Do you now own over ten acres of land in the United States?.....
If my application for registration is accepted please send me, without obligation, further and complete information and particulars, including maps of the land, showing its exact location on the Atlanta, Birmingham and Atlantic Railroad, its transportation facilities, agricultural, fruit and nut-growing possibilities, etc.
Very Truly yours,
.....Signature

ARNOLD WANTS TO BE LIEUTENANT

Columbus, O., April 25.—John H. Arnold, a local attorney, announced that he is a candidate for the Republican nomination for lieutenant governor. This announcement means that the followers in Ohio of Robert M. LaFollette of Wisconsin feel that they should be represented in the makeup of the Republican state ticket. In 1912 Mr. Arnold was the LaFollette candidate in the Twelfth district for delegate to the Republican national convention.

BISBEE CITIZENS ASK FOR GUNS

Washington, D. C., April 25.—An appeal for government guns to arm citizens at Bisbee, Arizona, to repel any invasion from Mexican territory was laid before Secretary Garrison today by Senator Ashurst. Governor Hunt in a telegram to Senator Ashurst asked that 1400 rifles be sent from the nearest army post. A telegram to Senator Ashurst from Captain John C. Greenway at Bisbee said that 900 Mexicans "said to belong to the Constitutionalists forces were driving Americans out of Cananea, across the river."

FOUR AMERICANS SLAIN

(Continued from Page One.)

Further details as to conditions in Mexico City were given Consul Canada by refugees who have reached Vera Cruz. They report a reign of terror in the Capital and confirmed the reports of anti-American outbreaks. A mob entered Porter's hotel, an American institution, insulted the guests, smashed windows and attacked the hotel until the guests were taken to other hotels and the managers of the hotel went to Vera Cruz. The American club was attacked and several stores sacked with a loss estimated at 50,000 pesos. Consul Canada said that the refugees reported the American colony well organized for defense. All foreigners had concentrated to withstand any attack. They were well armed, but fear an attack by overwhelming mobs. On Tuesday all business houses in the capital were closed and the streets were filled with disorderly crowds. Refugees reported that prior to April 22nd, the Huerta government had been conscripting soldiers, securing 2000 by forcible conscription in Mexico City on Sunday, Monday and Tuesday. On April 21st it was stated, Mexicans began to volunteer for service.

FIND BATTLE MAP OF NEW ORLEANS

Bears Signatures of Those Who Fought Behind Cotton Bales.

New Orleans.—Interest in the slumbering cotton bale theory of the battle of New Orleans has been aroused by the finding of a water color picture map of the original battle plan in an abandoned trunk in the cellar of a hotel. Little is known about the drawing or the other contents of the trunk, which has remained unnoticed for years in a dark corner.
Five veterans of the battle had added their signatures to the remarkable map to attest the fact that it is a true representation of the battle plan as made under the direction of Andrew Jackson by his military engineer, H. Lacotte. It shows a line of cotton bales, which a marginal note says was 1,000 feet long, with a prolongment extending 600 feet into the woods. Some historians deny the story about the use of cotton bales.
The five veterans who say they fought behind cotton bales were Joseph St. Cyr, Jean Lamonthe, P. M. Lapice, Charles Raymond and Jean Gervais. Pen pictures of these men appear in the footnotes.
A full view of the Chalmette field is given, and the veteran draftsmen have set forth the placing of the different commands and the plan of attack and defense.
It is thought the map and the trunk in which it was found were the property of a former patron of the hotel who took "French leave."

CAT SWIMS RIVER TWICE.

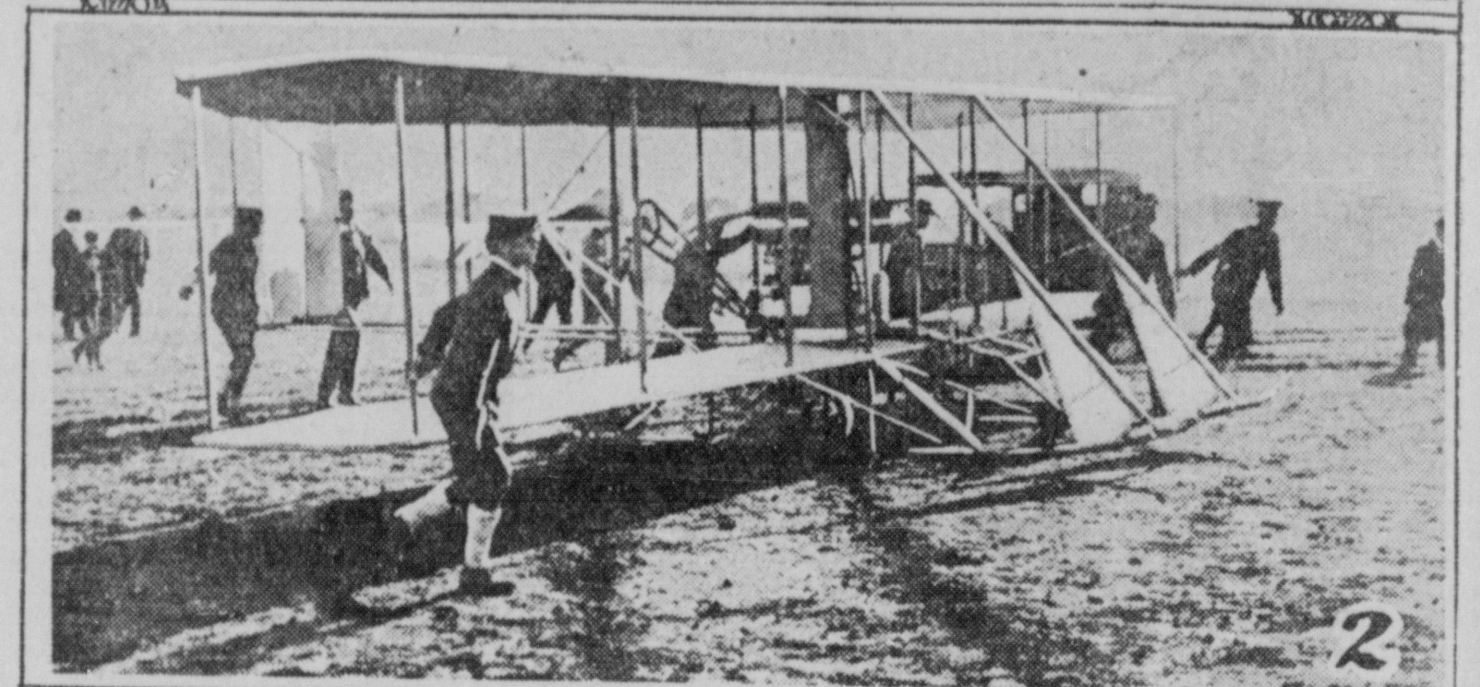

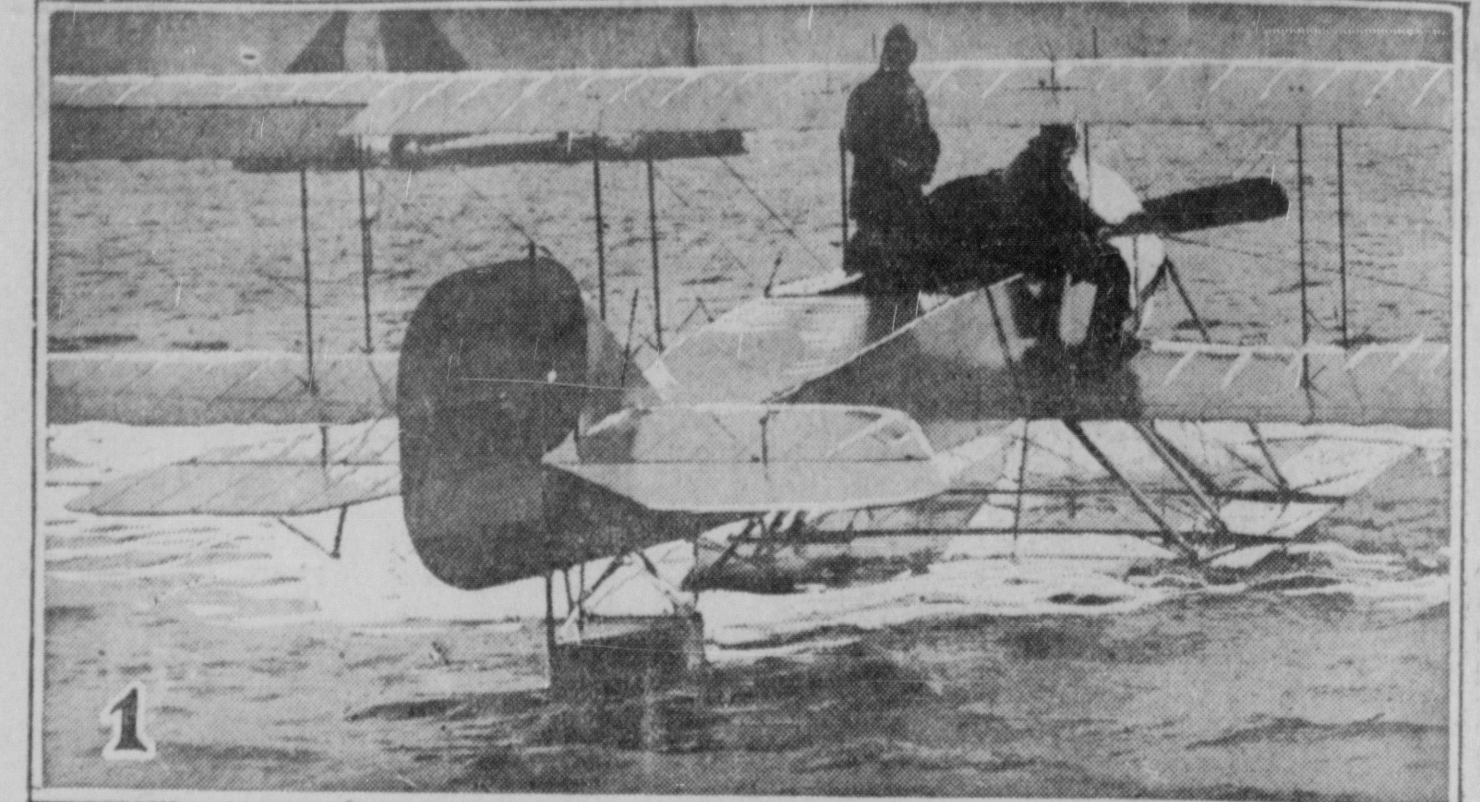

Seemingly Lonesome When Owner Is Absent For a Few Days.
Denver.—Braving the waters of the Grand river rather than stay on a ranch alone, Murphy, a Maltese tomcat belonging to Ad Hockett, a wealthy rancher of Dotsero, Colo., swam a mile when he was left on the ranch while Hockett went to Glenwood Springs on a business trip.
The day after Hockett left his ranch Murphy went to the river bank, where he sat for an hour and then swam the stream to the opposite side, where he sought company at a neighboring ranch.
Four days later, when Hockett returned and found Murphy missing, he began a search for his mascot.
Standing on the river bank, he saw his cat swimming back. When Murphy reached the shore he jumped on his master's shoulder.
At the point where Murphy swam the river the stream is treacherous, and several men have been swept down the stream by the swift current.

BIG SUFFRAGE RALLY.

Resolution to Be Adopted Sent Out in 20,000 Circular Letters.
Washington.—Twenty thousand circular letters, containing the wording of the resolution to be adopted at the nation wide demonstrations, were sent throughout the country, urging suffragists to call upon congress to pass the Bristow-Mondell resolution giving women the right to vote.
A copy of the resolution that is to be adopted at the demonstrations is to be sent to every member of the senate and house.
The letters were sent out from the headquarters of the Congressional Union For Woman Suffrage here in response to hundreds of queries that have been received.

TWO AERIAL CRAFT WHICH UNCLE SAM WILL USE AGAINST MEXICO IF ACTUAL WAR BREAKS OUT

Washington, D. C., April 25.—Both the army and navy will utilize aerial craft in case of actual war with Mexico. Hydroplanes and aeroplanes will be of great value, according to the views of Secretary of War Garrison and Secretary of the Navy Daniels. The army has fifteen aeroplanes available for use. It has no dirigibles. There are twelve qualified "military aviators," but more than a score of men who can fly. The war department refuses to give any information about bomb dropping. The navy aviation corps, now on the way to Mexico, consists of four hydroaeroplanes and a full equipment. Two aeroplanes from a "section" in the navy. One section is going aboard the Birmingham and the other aboard the battleship Mississippi. Each section is accompanied by three officers, all trained pilots, and ten mechanics. A section carries hangars, tents for living quarters and other purposes, spare parts and tools. The illustration shows an army hydroplane and an aeroplane at Port Bliss which is ready to be used for scouting purposes across the border.

1-ARMY HYDROPLANE 2-AEROPLANE NO. 9 U.S. ARMY

FIRST FULL BATH WHEN 72.

Civil War Vet Ordered to Take One Is Apprehensive.
Sandusky, O.—According to Sergeant S. N. Cooke of Cottage Mack, State Soldiers' home, a veteran from near Urbana, admitted the other day, sighed when ushered into the receiving barracks anteroom to await his turn in the barracks bath and remarked:
"Well, I'm seventy-two years old, and this is going to be the first time I ever took a regular out and out bath."
The old man made no effort to conceal a feeling that if he survived the first operation he might try it again, according to Sergeant Cooke.

Women Oppose Smoking.

Portland, Ore.—Because they say cigar and cigarette smoke in the city hall and courthouse, where they go to register, makes them sick, Portland women have started a move for a city ordinance forbidding smoking in public buildings.

Very Interesting.
"What do you find so very interesting about society?" asked the ordinary person.
"Watching people trying to get in," answered Miss Cayenne.—Washington Star.

FLOWER ORNAMENTS GRACEFULLY ADORN THE HIGH COIFFURES

FLORAL COIFFURE ORNAMENT

The new coiffure, with the hair brought high on the head, affords many opportunities in the use of attractive ornaments. The narrow bandeau shown here is adorned with full blown roses.

INCREASING POTATO CROP.

Growers Pay Too Little Attention to the Seed They Use.
Washington.—The American potato grower is charged with paying too little attention to the selection of seed potatoes by the department of agriculture in a statement declaring that by the use of high grade seed the returns from the crop would be increased by many millions of dollars.
The increase that might be expected from the use of high grade seed is conservatively estimated at not less than 10 per cent. Such an increase, based on the average production or the average production of the last five years, says the statement, would amount to over 34,000,000 bushels, having an approximate value of \$21,000,000.
Of the many causes which operate to produce a low average potato yield in the United States, it is pointed out, impure seed is an important one. European potato growers, especially those of Great Britain and Germany, pay the strictest attention to the quality of the seed used.

GOLF RECORD IN JERSEY.
Youth Kills Opossum In Tree While Showing Skill With Clubs.
West Orange, N. J.—In the rear of his mother's home, on top of First mountain, James Tolley was surprising his friends by his skill with his golf clubs. Tolley drove one ball high among a patch of trees and heard a strange sound.
Looking aloft, he saw an animal tumbling to the ground. It was an opossum. The ball struck it between the eyes, killing it.

FOUR AMERICANS ARE SLAIN BY MEXICAN MOBS

RUMORS OF A REIGN OF TERROR PREVAILING IN CITY OF MEXICO ARE CONFIRMED BY REFUGEES ARRIVING AT VERA CRUZ.

American hotel and American club attacked by mobs.

Guests are assaulted.

Fly for safety to other hotels—Buildings destroyed.

American colony well armed and are prepared to meet attack.

By Associated Press.

Washington, D. C., April 25.—Unconfirmed rumors of the killing of Americans by mobs in Mexico City, the arrest of American railroad employees yesterday at Orizaba, and information forwarded to Washington that American military authorities at Vera Cruz consider the situation at Mexico City and throughout the Mexican Republic a grave one for Americans there, aroused activities in Washington today.

While the authorities were exerting every possible effort to get verification of the disquieting reports from the Mexican capital, Secretary Bryan conferred with the Brazilian ambassador here, Mr. De Gama, over the arrest of Americans at Orizaba and informed him that he had requested the Brazilian diplomatic representative in Mexico City to seek the release of the prisoners. Ambassador De Gama directed the Brazilian Minister in Mexico City to do all he could for the release of the Americans.

Officials here were much exercised over the reported assassination of Americans in Mexico City. Serious eventualities there, it was pointed out, might aggravate the present situation and serve to arouse sentiment among the people that would demand more aggressive action in Mexico on the part of this government. It was further emphasized, however, that mob violence could not be construed as any deliberate action of General Huerta and that it would be claimed by his government that it was powerless to control the situation owing to the anti-American feeling aroused by the seizure of Vera Cruz.

No new military orders were issued by the War department. Plans for perfecting the operations at Vera

Cruz and along the Mexican border were considered by Secretary Garrison and other officials. After a long conference of the department officials Secretary Garrison declared that troops en route to Vera Cruz, to reinforce the naval forces were being sent there "for duty."

It was declared that there had been no change in the policy of the government to "sit tight" at Vera Cruz, unless retaliatory tactics should demand a forward movement into Mexico. Neutrality on the part of the Constitutionalists officials believed would be observed. Should war be forced upon this government, it was pointed out the base of operations would be at Vera Cruz, and the plan would be to confine the advance, if possible, to the territory controlled by Huerta with Mexico City as the objective point of the American forces. The movement it is generally believed would be an extensive one.

Although it still is the determined policy of President Wilson to prevent active hostilities, the army and navy are prepared for any emergency and should the word come, to advance to the interior in order to protect life and property. It is said the War department is ready to send an army of 20,000 to 30,000 men and to increase the forces to a great degree along the Mexican border.

Today there were appeals for more troops from border states and the war department officials, while considering plans for co-operation with the militia in those states also were working out plans for calling into the service the militia of various states under the terms of the volunteer army bill just passed. The War department throughout the day was humming with excitement, although no new orders were issued.

Reports that General Wood already had been ordered to Vera Cruz were emphatically denied. Reports of dissensions in the cabinet over the policy being pursued in the Mexican crisis also were denied, and Secretary Bryan branded as false the report that should war be declared with Mexico he would resign.

Announcement today by the Spanish ambassador, Mr. Riano, that Mexico had turned its affairs in the United States over to his government came as a surprise to officials here, the general expectation being that France would be asked to act on Mexico's behalf. Following reports from Madrid yesterday that King Alfonso was willing to act as mediator

from any other source and is considered doubtful in many quarters.

NOT KNOWN IN WASHINGTON.

Washington, D. C., April 25.—State Department officials today said no official dispatches had confirmed reports that four Americans had been killed in Mexico City and Consul Canada at Vera Cruz, still in communication with the State Department, made no mention of such information. Canada reported nothing more serious than the pulling down of the Washington monument and the stoning of the American Club.

CONGRESSMEN WANT ACTION

By Associated Press.

Washington, D. C., April 25.—An undercurrent desire in Congress for more aggressive action in Mexico became apparent today. Several members of the House and Chairmen of important House committees agreed that the plan to sit tight at Vera Cruz awaiting retaliatory action might result in international complications.

Federal Building at Vera Cruz, Mexico

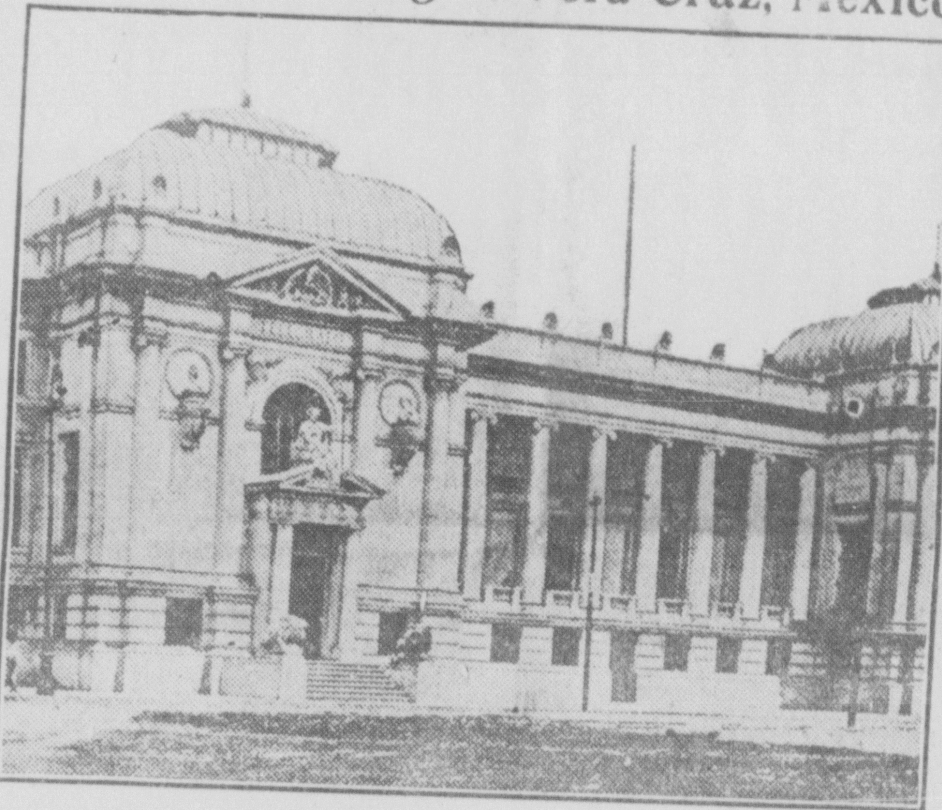

Photo by American Press Association.

THIS is the new federal building at Vera Cruz. It gives a good idea of the many modern buildings which this old Mexican seaport boasts. At the same time there are many cabins standing side by side these modern buildings, showing the odd blend of old and new.

SPAIN ACTS FOR MEXICO

By Associated Press.

Washington, D. C., April 25.—Senor Don Juan Riano, the Spanish Ambassador today announced that he had taken charge of the affairs of the Mexican government in Washington.

or in the difficulty between this government and Mexico, the selection of Spain to look after the affairs was regarded with significance.

Officers of both the War and Navy department were concerned today over the report from Vera Cruz that a small Mexican force was prepared to blow up the railroad bridges between Vera Cruz and Mexico City. Several of these bridges could not be replaced and temporary provision for getting trains by them would be impossible. The plans of the Navy and War department for possible operations out of Vera Cruz hinge on the possession of the railroad and it was feared that they would be seriously hampered if the bridges were destroyed. The Navy department believes that an expedition out of Vera Cruz along the railroad would insure the safety of the bridges, but it is pointed out that this would be an act of war. This probably would be the first move in case war is actually declared. Meantime the naval forces in Vera Cruz must confine their operations to that city, and the immediate vicinity.

(Continued on Page Eight.)

bad and rapidly growing worse, so far as Americans are concerned. The refugees bring word of intense anti-American feeling in all directions.

The American military authorities in Vera Cruz consider the situation of Americans in the Capital and all over the interior grave.

Almost normal tranquility has been restored here, but occasional sniping occurred during the night. There was, however, no general disorder.

The domination of the city by the American forces having been accepted by the residents. The order issued from American headquarters for the closing of all saloons remained in effect today. The restaurants are having difficulty in furnishing the usual quantity and quality of food, owing to the impossibility of obtaining supplies. Prices, therefore, have been advanced.

The American lines, some ten miles in length now completely encircle the city. Outposts have been established, covering all points from one to five miles.

ESCAPE VIA WAR VESSELS

By Associated Press.

Washington, D. C., April 25.—Secretary Daniels, at the request of Secretary Bryan, today ordered Rear Admiral Howard, commanding the American naval forces on the Pacific coast, to give asylum or passage on his vessels to any American consuls preparing to leave Mexico via the west coast. Like orders have been given to Rear Admiral Badger concerning Consuls who may leave through Mexico Gulf ports.

CARRANZA IS TOLD AGAIN

By Associated Press.

Washington, D. C., April 25.—The note which the State Department dispatched to General Carranza through American Consular Agent Carothers, it was made known today, reiterates the intention of the American government merely to secure reparation from the Huerta Government and not engage in hostilities against the Constitutionalists.

BAER STRICKEN

By Associated Press.

Philadelphia, Pa., April 25.—George F. Baer, President of the Reading Railroad was stricken on the streets here today with what physicians believe was a stroke of paralysis. He fell to the sidewalk and was carried to his home, five blocks distant.

It is believed his condition is serious.

WILSON TALKS WITH CABINET

Washington, D. C., April 25.—Bulletin.—Secretary of State Bryan and Postmaster General Burleson were called to the White House late today for conference over the Mexican situation. The Postmaster General is particularly anxious about conditions on the Texas border where the local authorities are clamoring for additional troops.

MORE GO TO VERA CRUZ

By Associated Press.

Washington, D. C., April 25.—Secretary Garrison said today that the United States troops have been ordered to Vera Cruz "for duty."

When asked as to the purpose of the military movement, he would make no further explanation of the shipment of the Fifth Army Division from Galveston.

BRYAN DENIES

By Associated Press.

Washington, D. C., April 25.—Secretary of State Bryan today emphatically denied wide-spread and persistent reports that he would resign from the Cabinet.

When informed of published reports that he would relinquish his post should war be declared against Mexico, Mr. Bryan said "the subject of my resignation has never been discussed with anybody nor thought of by me."

TEXAS MUST PAY THE BILL

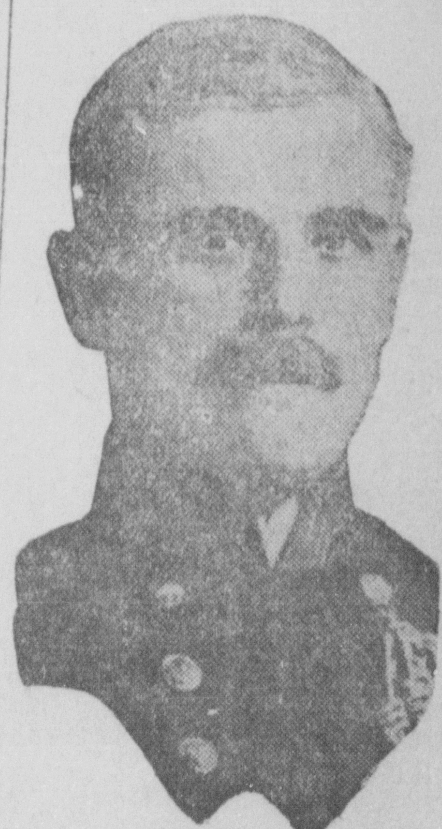

By Associated Press.

Washington, D. C., April 25.—Governor Colquitt of Texas, today telegraphed the war department asking if the department would bear the expenses of moving the Texas militia to the border where it would co-operate with the regular army in patrolling the border.

Governor Colquitt will be told that there is no authority to give his state such financial assistance.

JOHN H. GIBBONS

Captain in Command of the Great Battleship Utah.

FIGHTING SPIRIT GROWS RAPIDLY

Feeling of Resentment In Mexico.

AMERICANS IN PERIL

No Attempt Made at Washington to Conceal Uneasiness.

O'SHAUGHNESSY AT VERA CRUZ

American Charge at Mexican Capital and Family Are Safe—Belief Growing That Huerta Will Not Take Initiative In Declaring War—France and Spain Would Assume Role of Mediators—President Wilson Still Insists That No State of War Exists.

Washington, April 25.—The latest phases of the Mexican situation are the evidences of uprisings and a growing war spirit along the Mexican

border. The blowing up of the American consulate and the burning of other American buildings at Nuevo Laredo, followed by an exchange of shots between the Mexican federal troops and the United States patrol, were regarded here as only the beginning of scenes of violence in northern Mexico.

From Mexico City word reached the state department that rioting was going on, and the spirit of unrest and resentment is rapidly growing. From other parts of Mexico, also, came reports of a rapidly developing war spirit, and no attempt was made here to conceal the fact that alarm is felt for many of the Americans who have not yet left the country.

With these developments steadily pushing the United States toward an open declaration of war, steps were taken by at least one European power to make known its willingness to act in the capacity of a mediator. It was understood that the French ambassador informed Secretary Bryan in a most informal way that if there was any disposition to resort to mediation, France would be glad to take the initiative.

There were indications in dispatches from Madrid that King Alfonso of Spain also was disposed to offer his offices in the present crisis. In regard to any suggestion of mediation, however, the administration is again confronted with the fundamental objection that it might involve a recognition of the Huerta government. There were no indications of any en-

couragement in this direction from the United States. The impression is growing that President Wilson will be satisfied now at nothing less than complete reparation by Huerta and that this can not be brought about through intervention of a third party.

In the meantime President Wilson is insisting on his technical interpretation of existing conditions. He maintains that no state of war exists between this government and Mexico, and that what has been done thus far has been merely by way of reprisal. Furthermore, there was every indication that this will continue to be the president's contention until he is forced by a declaration of war on the part of Huerta or by an aggressive act by the dictator to take another stand.

The belief is growing in Washington that Huerta is not going to take the initiative in the matter of formally declaring war, but will continue to harass the United States forces and commit depredations on American property in Mexico until he has forced President Wilson into a declaration. The Mexican dictator is clever enough to recognize that it will give him prestige in the eyes of the world to have the United States, with its military power, take the initiative in an open war declaration against weak and bleeding Mexico.

O'Shaughnessy Safe.

Vera Cruz, April 25.—American Charge Nelson O'Shaughnessy and family arrived here safely.

CANAL NEEDS THE REVENUE

Washington, April 25.—The feature of the hearing on the Panama canal tolls bill was a long message from Colonel George W. Goethals, in which he put himself on record in favor of the repeal of the free tolls clause and gave his reasons therefor. The message was dated Culebra, April 23, and was sent to Major S. C. Boggs of Washington, to be delivered to Senator Simmons.

In his message Goethals said: "I do not believe in exemption of tolls for coastwise trade, first, because this amount to a subsidy to a class of shipping and will benefit stockholders and not shippers; second, because the canal will need all revenue it can get to pay its current expenses and indebtedness."

ATTACK TAMPICO

Washington, April 25.—In a dispatch from Vera Cruz Admiral Badger reports the following from Admiral Mayo at Tampico: "A Constitutional attack on Tampico is in progress. Gunboats are firing (presumably Mexican federal gunboats)." So far as known all Americans are out of the district around Tampico.

BACHELORS ESCAPE

Boston, April 25.—A house committee reported adversely on the bill which would have placed a \$5 tax on bachelors. The house passed to be engrossed a bill for the appointment of women as special police officers to safeguard girls.

CRITICISE ATTACK ON MEXICANS

Buenos Ayres Papers Condemn American Course.

Buenos Ayres, April 25.—The press of Buenos Ayres is unanimous in its expression of disapproval of the attitude of the United States toward Mexico.

La Nacion, in an editorial, says: "President Wilson tried to make Huerta resign and the revolutionists were counting on the sympathy of the White House. This would explain the conduct of Huerta in the Tampico affair. The quick action of the United States shows that they had intended to intervene. We are conscious of the fact that the incident springs from a state of affairs in which the integrity and independence of Mexico are at stake. The memory of this contest will live in the history of the relations between the United States and Latin America."

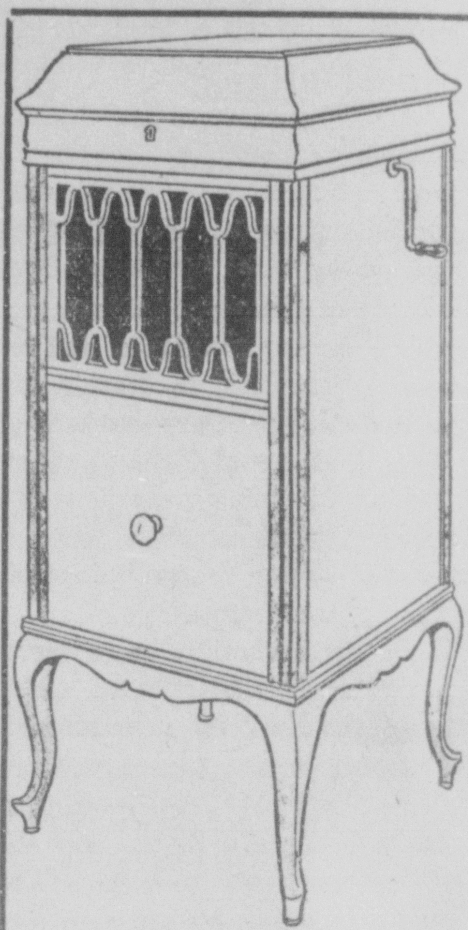

"President Wilson's message to congress does not seem to us to be a message of state," declares La Prensa. "The plan to overthrow Huerta in order to install a revolutionary general in his place would signify official partiality on the part of the United States without bringing about the pacification of the country. The military action by the United States aims at Mexico and not at Huerta. We fear a repetition in Mexico of the protectorate system the United States created in Cuba."

CARNIVAL COMING

The Weider Amusement Co. will exhibit in Washington C. H., one week, May 4 to 9. Ten big shows, merry-go-round, Ferris wheel, motordome. Free acts, band concerts. A show for ladies, gentlemen and children.

MONTEREY IN REBEL HANDS

Brownsville, Tex., April 25.—"Monterey is in the hands of the Constitutionalists, after a five days' battle," was an official announcement from the Constitutional headquarters in Matamoros, accompanied by the ringing of bells and an outburst of rebel enthusiasm throughout the city. General Pablo Gonzales commanded the rebel forces.

Boost Washington.—Buy at home

SISTER: READ MY FREE OFFER!

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week.

If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, feeling of weight and dragging-down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." It will send all in plain wrappers post-paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address,

MRS. M. SUMMERS, Box H, SOUTH BEND, IND.

Birdseye View of Guaymas, Mexico

Photo by American Press Association.

GUAYMAS, on the western coast of Mexico, is a thriving city of 45,000 inhabitants. It is located on Guaymas bay. The time stained houses are Spanish-Moorish and the streets narrow and tortuous. It is a strategic point. Many of the stores are managed by Chinese.

FACTS ABOUT MEXICO

Area—565,535 square miles.
Population—15,063,207. White, 20 per cent; mixed, 43 per cent; Indian, 36 per cent; foreign, 1 per cent. The foreign population in 1910 included natives of 40 countries, of whom there were 30,000 Americans, 5,000 British and 5,000 Germans.
Capital, City of Mexico, population 470,650. Subdivisions of the country: For Administration purposes the country is divided into 27 states, three territories and the Federal district.
Central States—Aguas Calientes, Durango, Guanajuato, Hidalgo, Mexico, Morelos, Puebla, Queretaro, San Luis Potosi, Tiavcala and Zacatecas.
Northern States—Chihuahua, Coahuila, Nuevo Leon and Sonora.
Coast States—Campeche, Tabasco, Tamaulipas, Vera Cruz, Yucatan, Colima, Chiapas, Guerrero, Jalisco, Michoacan, Oaxaca and Sinaloa.
Territories—Quantana Roo, Lower California and Tepic.
Principal Ports of Gulf of Mexico—Vera Cruz, population about 30,000; distance from Mexico City 190 miles.
Tampico—Population 16,000; 225 miles northwest of Vera Cruz.
Matamoros—Population 9,000; on Rio Grande, opposite Brownsville, Texas, 28 miles from Gulf of Mexico.
Progreso—Population 5,200, state capital of Yucatan.
Pacific Coast: Mazatlan—Population 18,000; in state of Sinaloa.
Acapulco—Population 5,000; 200 miles southwest of Mexico City. Salina Cruz—Terminus of railroad across Isthmus of Tehuantepec.
No rthern Frontier Cities: Nuevo Laredo—Population 6,500; opposite Laredo, Texas. Ciudad Porfirio Diaz—Population 5,000; opposite Eagle Pass, Texas. Juarez—Population 7,000; opposite El Paso, Texas; 1,223 miles from Mexico City. Nogales—Population 3,000; opposite Nogales, Ariz.
Important Interior Cities: Torreon—Population 14,000; in southwestern Coahuila. Durango—Population 31,000; capital of Durango. Zacatecas—Population 40,000; capital of Zacatecas; 300 miles north of Mexico City. Guanajuato—Population 42,000; capital of Guanajuato; 150 miles north of Mexico City. San Luis Potosi—Population 61,000; 225 miles northeast of Mexico City; about 200 miles from Tampico; important railroad center. Pueblo—Population 95,000; 63 miles southeast from Mexico City; on railroad to Vera Cruz. Pachuca—Population 40,000; 55 miles northeast of Mexico City; on another branch of railroad to Vera Cruz from Mexico City. Guadalajara—Population 120,000; 275 miles northwest of Mexico City; on railroad to Mazatlan. Oaxaca—Population 35,000; 220 miles southeast of Mexico City; capital of Oaxaca. Chihuahua—Population 30,000; 225 miles south of El Paso; on railroad to Mexico City; capital of Chihuahua. Monterey—Population 62,000; capital of Nuevo Leon; on railroad from Eagle Pass to Mexico City and Tampico.
Internal Improvements: Railroad Mileage—16,000.
Important Terminals: Northern Frontier—Matamoros, Ciudad Porfirio Diaz, Juarez, Nuevo Laredo, Nogales. East Coast—Matamoros, Tampico, Vera Cruz, Progreso. West Coast—Guaymas, Mazatlan, Acapulco. Interior—Mexico City, Guadalajara, Durango, Oaxaca. Telegraph Lines—50,000 miles. Postoffices—2,964.

NEUVO LAREDO LAID LOW BY THE FEDERALS

Mexican Federals Destroy City of Nuevo Laredo, Mexico.

FIRE ON AMERICAN TROOPS

Federals Prepare and Execute Plan For a General Conflagration Before Dashing South — Eleven Mexicans Killed and Score Wounded in Clash With Uncle Sam's Soldiers—Mexicans Driven Across Border.

Laredo, Tex., April 25.—With at least 11 Mexican federals killed and more than a score wounded by dynamite, and with a black pall of smoke, heightened by flames in countless places, Nuevo Laredo, Mexico, just across the river from this city, presents a spectacle of desolation and ruin.

Dynamite and the torch succeeded each other in their destructive work. The Mexican federals, repulsed in several attempts to blow up the international railroad bridge, turned their attention to their own town. Every building devoted to public use and dozens of private stores and the larger residences, including a convent and a church, were razed, and the work of destruction was made more certain by liberal use of kerosene. The federal troops, with few exceptions, left after completing their task, the larger number fleeing in trains.

Before dashing south the federal troops prepared for a general conflagration. The fires, which were lighted at the moment of departure, assumed giant proportions within less than five minutes. Many of the houses were of stone or adobe and under ordinary circumstances would readily burn, but kerosene and other combustibles had been used, causing every house fired to burn rapidly. The tower on which machine guns had been used during the battle in January flared up like a torch when the match was applied.

The first signal which drew the attention of the people of Laredo to the city across the river was the sound of rifle fire as the train was pulling out. The Mexicans fired at the American soldiers at Fort McIntosh and the fire was returned at once by the Americans.

Smoke was seen issuing from many buildings around Central plaza. The municipal building and the American consulate are on opposite sides of the plaza and they began burning simultaneously, as did also the post-office building next door.

A few moments later flames broke out of the windows and roofs of several other buildings, and a deep explosion was heard, one of the houses being blown into ruins.

The troops at Fort McIntosh were immediately ordered out and the people were driven back from the river bank on this side when the soldiers went into action. A machine gun platoon at Fort McIntosh went into action, with the result that several Mexicans were seen to fall. Several attempts were made to blow up the Mexican end of the international bridge, and a sharpshooter on top of a watertower at the plant killed one man seen to approach the bridge. Another man who tried to dynamite the Mexican end of the railroad bridge was killed by American soldiers. Battery A of the Third field artillery took station near the power house of the Laredo electric light company. After silencing the fire of Mexicans, part of the Ninth infantry was withdrawn to the river front, the remainder still guarding the border.

Rumors that some American soldiers were wounded proved to be without foundation and no shots struck in the central part of the city. Colonel Crane of the Ninth infantry said a rigid patrol of the city, particularly the business section and the American residence section, would be kept, and that every precaution would be taken to prevent outrages by any of the refugees.

AMERICANS BOTTLED UP

San Diego, Cal., April 25.—More warships are rushing to Ensenada. An official report from the monitor Cheyenne states that another outbreak was imminent at Ensenada, as the Mexican authorities can not control the anti-American demonstration. Consul Gayant and about 200 Americans are still bottled up in the consulate. The guns of the Cheyenne are trained upon the Mexican village, while on the beach the federal soldiers have entrenched themselves, hoping to prevent any landing in case such is attempted.

REFUGEES TALK

Galveston, Tex., April 25.—Forty-four American refugees arriving here from Vera Cruz told of the seizure of the city by the American marines. The ship on which the refugees sailed left on the day the gunboats shelled the city. The refugees say that when the ships of the navy arrived in Vera Cruz harbor the Mexicans hooted and jeered. The streets were literally packed with Mexicans, but as the gunboats drew near they dispersed, and when the marines landed they melted away. The refugees saw the flashes of the American boats as they fired. The medical college, they say, crumbled under the fire.

The Associated Press

In times like these the unrivalled news service of the Associated Press is appreciated more than it is during times when only the ordinary happenings of the busy world occur.

Among every people in every nation, in times of war and in times of peace, in zones of extreme danger when news gathering is a task difficult of performance even by the trained correspondents of the Associated Press and impossible to others, the representatives are to be found. No matter what difficulties are encountered in the way of hostile army commanders and rigid censorship, the news—the real dependable facts—are sent to the outside world and yet there are always men on guard to watch for new developments. Going to, coming from and remaining on the scene of greatest activity and danger, the Associated Press representatives gather the news and send it regardless of cost to the millions of readers throughout the civilized world.

While it requires a big army of men to do the work of gathering war news in Mexico and sending that news out to the anxious world, no other field of human activity is left unscanned for happenings of interest.

During times of war like these, there is no cessation of work by the Associated Press in the every-day life of the world. The market reports are gathered with that care which insures absolute authenticity and the man whose mind is concentrated on business pursuits will find his news not one bit curtailed by reason of the extra strain.

The Associated Press is amply equipped to meet all demands for news and flash that news to its members. It neither acts on rumor nor sends out rumor for fact.

In a position to get the facts and only the facts, the Associated Press stands unrivalled in the work of gathering and disseminating news to its members.

Owing to the fact that the Associated Press is a purely mutual organization operated not for profit but for the benefit of its members only, it has proven immune to all attacks at the hands of powerful influences which would destroy it if unable to purchase its service.

Men of every shade of political belief, men of every religious faith, men of every nation are numbered among its members, thus insuring not only verity but absolute fairness in all its reports.

In the ordinary times of peace and prosperity we take the matchless service of the Associated Press, along with the other blessings of a progressive age, as a matter of course.

It is only in times of great political activity or times of war that people realize the rapidity and the correctness with which news is gathered in almost inaccessible places and flashed to every corner of the waiting world.

Barely Possible to Cross Atlantic In Air, but Attempt Would Be Height of Folly

By ORVILLE WRIGHT, Aviator

It is a bare possibility that a one man machine without a float and favored by a wind of, say, fifteen miles an hour might succeed in getting across the Atlantic, but such an attempt would be the height of folly. When one comes to increase the size of the craft the possibility rapidly fades away.

THIS IS BECAUSE OF THE DIFFICULTIES OF CARRYING SUFFICIENT FUEL. ON THE BASIS OF THE FIGURES WHICH I HAVE WORKED OUT I FIND THAT NO LESS THAN FIFTY-THREE PER CENT OF THE ENTIRE LOAD, INCLUDING THE WEIGHT OF THE MACHINE ITSELF AND ALL, WOULD HAVE TO BE FUEL. IN OTHER WORDS, IF THE AEROPLANE, LOADED AND READY TO START, WEIGHED ONE THOUSAND POUNDS AND THIRTY POUNDS MUST BE GASOLINE. AND THESE FIGURES ARE BASED ON THE MOST EFFICIENT PERFORMANCE OF THE MOTOR ALL THE WAY AND THE LOWEST KNOWN FUEL CONSUMPTION. IT WILL READILY BE SEEN, THEREFORE, WHY THE ATLANTIC FLIGHT IS OUT OF THE QUESTION.

Poetry For Today

THE THINKER.

Back of the beating hammer
By which the steel is wrought,
Back of the workshop's clamor
The seeker may find the Thought,
The Thought that is ever master
Of iron and steam and steel,
That rises above disaster
And tramples it under heel!

Back of the motor's humming,
Back of the belts that sing,
Back of the hammer's drumming,
Back of the cranes that swing,
There is the eye which scans them,
Watching through stress and strain
There is the Mind which plans them
Back of the brawn, the Brain!

Might of the roaring boiler,
Force of the engine's thrust,
Strength of the sweating toiler,
Greatly in these we trust,
But back of them stands the Schemer
The Thinker who drives thing through
Back of the Job—the Dreamer
Who's making the dream come true!
—Berton Braley in American Machinist.

Weather Report

Washington, D. C., April 25.—Ohio—Showers Saturday; warmer northern portion; Sunday probably fair; fresh south to west winds.

Lower Michigan—Showers Saturday; Sunday probably fair; fresh southeast to south winds becoming variable.

Indiana—Partly cloudy Saturday; probably showers in north portion; Sunday fair; moderate southwest winds becoming variable.

WEATHER OBSERVATIONS.

St. Paul	54	Rain
Los Angeles	64	Clear
New Orleans	74	Cloudy
Tempe	76	Clear
Seattle	56	Clear

Weather Forecast.
Washington, April 25.—Indications for tomorrow:
Ohio—Probably fair.

WIT AND NEAR-WIT

Historic.

"Say waiter," said the traveling man to the hotel waiter, "what kind of chicken do you call this?"

"That's a Plymouth Rock, I believe," replied the waiter.

"I'm glad it has some claim to historic mention," said the man. "I thought it was just an ordinary cobblestone."—Philadelphia Ledger.

A Novice.

"Have you any experience with children?"

"No, ma'am. I always worked in the best of families."—Philadelphia Ledger.

In Danger.

"My dear, a burglar fired a revolver at a Boston man, and the bullet struck a button, thus saving his life."

"Well, what of it?"

"Only this: A man could shoot at me with a shotgun and never hit a button."—Louisville Courier-Journal

Any Time.

Nell—He took one look at her and to find out when was the best time to get married.

Stell—What did he tell her?

Nell—He took one look at her and told her to grab her first chance.—Judge.

His Ambition.

"I would like to lead a tranquil existence," said the troubled man of affairs.

"About how tranquil?" asked his hard-working secretary.

The other thought a moment.

"Oh," he answered, "about as tranquil a life as a germ leads on a thousand-dollar bill."—Birmingham Age-Herald.

JAPAN TO OPEN STEAMSHIP LINE

By Associated Press.

Tokio, April 25.—Notwithstanding the failure of the Japanese Diet to agree upon the budget, which was the immediate cause of the fall of the Yamamoto Cabinet, the government will advance funds for the subsidy of a tri-weekly steamship service through the Panama Canal to New York, feeling sure that the next session of the Diet will ratify the action.

Latest plans provide that the new line shall start from Yokohama and proceed to New York via Seattle, Panama and Colon. On the return trip the steamers will touch at New Orleans, Panama and Seattle. The original idea to make Boston the terminus has been abandoned for the present. Arrived at Yokohama, the steamers will continue on to Hong Kong via Kobe, Moji and Shanghai. On the way back to Yokohama they will call at Manila and Kobe. Japan considers the Chinese and Philippine connections necessary to make the venture profitable.

The Nippon Yusen Kaisha, which probably will receive a subsidy of about \$800,000 annually, will place nine 10,000 ton steamers in the Panama service. The government has selected Seattle as the Pacific port of call because it finds coal cheaper there than at Honolulu, and some port is considered necessary on the voyage of 7,660 miles from Yokohama to Panama. The voyage from Yokohama to New York via the Suez Canal, takes over 80 days, but the Panama route will require but 42 days.

PANKS. MUST GO

By Associated Press.

London, April 25.—The "Pankhursts must go!" promises to be the rallying cry of a new suffragette organization formed by leaders who believe woman's cause has suffered a setback by the practice of the leading militant society. A significant feature of the new movement is that it is fathered by suffragists who were once strong supporters of militant tactics, but who, at various times, have been forced to withdraw from the Women's Social and Political Union.

The simmer of discontent, which now promises to break into revolt, began last year when Mr. and Mrs. Pethick Lawrence on their return from Canada were informed that Mrs. Pankhurst no longer desired their services on the executive committee of the organization. This intimation was carried to the Lawrences before their boat reached the dock. They were inclined at first to laugh at it as preposterous, but on landing they found that Mrs. Pankhurst had made herself so powerful during their absence that it would be hopeless to fight her edict, so out they went.

CLOSES OUT PIANO BUSINESS

Mr. P. E. Gross, of Springfield, closed out his piano business in this city Friday in order to accept a position on the road for Chute & Butler Co., of Peru, Ind.

Mr. Gross was quite successful in disposing of his entire stock of instruments, the last one, a handsome piano player, being sold to Mr. R. C. Peddicord.

In the fall Mr. Gross expects to return to Washington and again go into the piano business, bringing in a carload of pianos and piano players.

O. E. S.

SOLDIERS GUARD PANAMA CANAL

Panama, April 25.—A guard of 400 soldiers of the Tenth infantry was placed on the locks at both ends of the canal. There is no present danger of an attack being made, but Governor Goethals wants to be prepared for any emergency. The largest ship in the United States navy could use the canal today.

FARMER UNDER SERIOUS CHARGE

Fremont, O., April 25.—James Morris, a Townsend township farmer, owning several farms, was bound over to the grand jury on a charge that he performed a radical operation on Grant Gilbert, 27, farmhand, employed by him. Morris followed Gilbert into a shed and overpowered, bound and gagged him. Physicians say Gilbert will recover. Morris claims as his defense that Gilbert was too intimate with a relative.

JUSTICE INDICTED

Lancaster, O., April 25.—Squire Perry Waits, justice of the peace of Oakland village, was arrested, charged with stealing wheat from the granary of Henry Freese of Stoutsville. Waits was indicted by the grand jury on a charge of burglary and larceny.

OPPOSE STRIKE

Indianapolis, Ind., April 25.—United the Workers of America have taken positive stand against a general strike and have authorized each district to settle its own difficulties in conference direct with the operators.

IMMENSE CROWDS GREET HAGENBECK-WALLACE SHOW

Afternoon Attendance Large With Prospects of Still Larger Crowd Tonight—Big Circus Far Above Average—Interested Spectators Watch Work of Unloading and the Raising of Tents—Parade One of Best Ever Given in Washington

With its eighty-seven railroad cars carried in three sections of a special train the Hagenbeck-Wallace Circus arrived in town this morning and by noon the "big top" was pitched on the circus lot and everything was in readiness for the first performance of the day.

The big show arrived from Dayton over the C. H. & D., reaching this city early this morning, and the work of unloading was taken up immediately.

On account of the rain the street parade which is always the big feature of "circus day", was postponed until 1:30 in the afternoon. Those who did wait in the rain were repaid by seeing the gorgeous pageant, massive in splendor, a riot of harmonious colors, an inspiring sight as it moved over the principal streets of the city.

One of the features of the parade was "Big George" the giant hippopotamus, housed in a steel cage. George knows how to appear to especially good advantage before the ladies for every time he passed an especially attractive group he would open his mouth as if to smile. My, what a smile. It made the children cling tighter to the skirts of their mothers and gave the elders a vision of the African jungle.

Early in the day the circus ground became the mecca for a great army of small boys and grown-ups. They were there to see it all. The making of the tented city proved entertaining. The immense tents were raised into the air with an ease that was astonishing to the staid business man. The system used was interesting. Every man seemed to know his particular task or duty. Order seemed to come out of chaos.

Improvised snack stands and vendors did a land-office business in the vicinity of the show grounds. It was a great day for the balloon men. The side shows proved to be a magnet for the early crowds. There was the usual long line of pictorial painting descriptive of the wonders to be seen just on the inside. The side show band trumpeted and played its usual seductive strains, and the result—there was a constant stream inward-bound to see the fat lady, the giant, the bearded lady, and, of course, the "wild man from Borneo."

It was shortly after 2 o'clock when the doors to the menagerie were thrown open. An hour was allotted for inspecting the famous Carl Hagenbeck menagerie, said to be the largest and costliest in the world. It contained many rare and interesting specimens, among them being "Big George," the largest hippopotamus in captivity.

While the afternoon attendance was large, a much larger crowd is expected at the night performance, and the immense "big top" has a seating capacity adequate for all.

The show goes from this city to Cincinnati.

CROWDED HOUSE FOR SECOND PERFORMANCE

A packed house witnessed the second performance of Pinafore, Friday night and kept up a continual round of applause.

The opera went off with the same swing and success of the previous night, the solo parts perhaps stronger and the acting more effective.

With even greater success than on the previous night, Paul Craig, as the gallant captain, sang and acted his way into the favor of the audience and was encoored again and again. His was a strenuous role and deserved all the plaudits received.

Both Paul Craig, as Capt. Corcoran and Robert Craig, as the Rt. Hon. Joseph Porter, K. C. B., were at their best Friday night. Sir Joseph was arrogant and imposing to a degree that delighted the audience.

Dick Deadeye (Howard Gray) also put on a few extra stunts, in which he was assisted by Robert Rothrock, having a good make-up as an Irish seaman.

"Little Buttercup," Miss Parrett, captivated her audience as on the previous night and her scene with Capt. Corcoran was one of the prettiest of the opera.

Miss Woodward was certainly as pretty a daughter as the captain could desire and both she and her lover (Emerson Chapman) did their best work Friday night.

The choruses were again splendidly sung, the pretty girls, the ready sailors and the tuneful music contributing to the brilliant ensemble.

Miss Elizabeth Sheen, manager and Miss Lillian Davis, pianist, were called before the curtain with the leading members of the cast.

Both Miss Sheen and the Glee clubs were much indebted to Supt. McClain for the efficient aid he rendered in whatever line most needed, especially in the stage preparation.

ANNUAL SALE COMES TO END

By strenuous work the greatest sale ever conducted by the Ohio Horse Sales Company in this city was brought to a close between five and six o'clock Friday evening, without the necessity of a third night session.

It was by far the most successful sale ever held, and the 399 head of animals passing under the hammer invariably brought the high dollar, and the general average is said to have been about \$240.

In closing the sale Friday evening it was necessary to sell 132 head of horses and mules, but the auctioneers did not rest and some record sales were made.

Helen Taft, 2:12 1/4, topped the sale at \$950, the first bid being \$500. H. H. Rogers, of Dayton, purchased the fine animal.

Major C. consigned by Hunter C. Moody, of Lexington, Ky., went to the United Horse Shoe Company, of Erie, Pa., the price received being \$610.

While the sale has been in progress in this city it has attracted wide attention to Washington and to Fayette county, and has established Washington as one of the best horse centers in the United States.

LIQUOR THIEVES ARE FOUND GUILTY

Archie Lyle and William White, two Greenfield men indicted for stealing whiskey and beer from a D. T. & I. car at Greenfield, have entered pleas of guilty and each drew \$100 and the costs and 30 days in the Xenia work house.

The two are said to be the ring leaders of a gang of young men in Greenfield who have robbed a number of D. T. & I. cars and obtained the liquor carried by the cars.

AT THE PALACE THEATER MONDAY

With all the exploration of the polar regions little information of a precise character has been collected. This is not so strange, after all, when it is remembered that most of the daring adventurers who have penetrated the wilderness of ice and snow have gone northward in a mad dash for the pole. The expedition sent in the polar seas last summer, however, by the Carnegie museum, went for the purpose of gathering scientific data, specimens of birds and animals inhabiting the bleak regions and to obtain, as well, a record of such life as might be encountered beyond the arctic circle. Among the records obtained are those in the moving pictures, filed in the archives of the museum and, by order of the institution, and by its permission, exhibited in various cities throughout the country.

The expedition going via Alaska, penetrated to within sixteen degrees of the pole. It touched the waters north of Wrangell island, within 800 miles of the goal where Peary planted the stars and stripes 3 years ago. Here, singular enough, the only polar expedition ever taking the Alaska route, perished in 1881. It was the ill-fated DeLong expedition, sent out from San Francisco. Only nine members of that gallant company of explorers returned to civilization and it was only after the most terrible suffering and hardships, that they succeeded in landing on the Siberian coast near the mouth of the Lena river and making their way, thence homeward.

The Carnegie expedition found plenty of game, near Wrangell island but, strange to say, on the Greenland side, in this same belt, no game at all is to be found. For, at Cape Sabine, on the bleak coast of Smith Sound, while practically no further north than the point reached by the sort is to be found. Here the Gree-Carnegie expedition, no game of any ley survivors wintered in 1884 and of the commander's crew, only six lived through that terrible ordeal when, for months, they were without food. Greeley and his six companions were rescued at the moment when all of them had abandoned themselves to death.

Sergeant Julius R. Frederick, connected for many years with the Indianapolis weather bureau, and who died only a few years ago, was a member of the Greeley expedition. It was due to his heroism, to a great extent, that any survivors at all greeted the relief expedition. Sgt. Frederick, in describing his adventures during this long and terrible winter on Cape Sabine, often said that game abounded further north and further south, but that Greeley cast the winter camp in a belt that, unfortunately, was barren of all animal life.

ARBOR DAY OBSERVED THROUGHOUT COUNTY

Friday, Arbor Day, was observed by scores of public schools throughout the county, and several hundred trees were added to the number already upon the various school grounds.

In many schools programs were carried out in accordance with the custom established several years ago, and children took deep interest in the tree planting.

According to the usual procedure the Washington C. H. schools generally observed the day.

The primary grades of Central, Sunny Side and East End planted trees, and held interesting exercises appropriate to the occasion.

Each class of the High school recognized the day in brief programs and at their close all of the Central grades were congregated in the auditorium to listen to a most interesting address by Miss Anna Logan, of Oxford.

The head of the Teachers' Training department of Miami university, and in charge of state primary work, Miss Logan is a brilliant woman and magnetic speaker.

Her short address contrasted school opportunities of the old country with those of our own country, greatly to the advantage of the latter. The speaker made a beautiful little application of Maeterlinck's "Blue Bird", joyfully returning home after long wandering. Miss Logan has personally given time and study to foreign schools and speaks from intimate knowledge.

REPRIMANDED FOR CRUELTY TO ANIMALS

When Carey Short, well known horseman of near Circleville, faced Mayor Coffey Friday evening to answer to a charge of cruelty to animals, he was reprimanded and allowed to go without fine.

The trouble arose over complaint made by members of the Humane Society against the practice adopted by Mr. Short in allowing one horse to lead another by fastening the halter of one animal to the tail of the other.

Mayor Coffey stated that the practice was frequently used in this city on stock sales day, and that no complaint had been made previous to this time.

However, it is the determination of the Humane Society to begin the work of stopping the method of leading horses, beginning in this city, and then if a man from outside the city offends, he will be dealt with accordingly.

It is pointed out that a lunge on the part of either animal would cause intense pain to the horse whose tail was being used to lead the animal following.

TAKES JUDGMENT

E. H. Newman, in Common Pleas court, Saturday morning took judgment in the sum of \$261.05 against Ed Taylor et al. Plaintiff is represented by J. D. Fisher.

NO CHOIR PRACTICE.

There will be no choir practice at Presbyterian church tonight.

PROGRESSIVES GET INTO THE CONTEST

In all probability there will be a three-cornered fight for the office of Representative, in this county.

A few days ago former Probate Judge A. C. Patton entered the field for nomination on the Republican ticket.

Saturday it was learned that petitions are in circulation to place Mr. Almer Hegler in the field on the Progressive ticket, for nomination for representative.

So far the Democrats have no candidates in the field, but one or more is expected to enter, making a three-cornered contest for the office of representative.

It is understood that the Progressives will also place other candidates in the field, and that there will be three-cornered contests for some of the county offices.

MAY ENTER RACE IN GREENE COUNTY

Mr. and Mrs. John Baughn return to Jamestown Sunday evening, where they again will take up their residence.

For the past year Mr. Baughn has been actively associated with The Ohio Horse Sales Company, The Horse Journal and The Advertiser, and has proven himself an exceptionally able man for the work.

Mr. Baughn has, for some time, been a member of the Greene County Board of Elections, and upon his return to Greene county will, in all probability, enter the race for sheriff of that county, being a candidate on the Republican ticket.

SUCCESSFUL YOUNG HORSEMAN

Mr. J. C. Mitchell, of Mechanicsburg, who has been the guest of Mr. Os Briggs this week for the Horse Show and Sale, returned Saturday to his home.

Mr. Mitchell was one of the younger horsemen attending the sale, but is already becoming known as a successful breeder of fine horses. One of the horses of his consignment, "Ontime Colbert," sire Colbert 2:07, 1st dam Rosella Jr., by R. Ontime, 2:07 1/4, was pronounced one of the best horses that went through the sale. Mr. Tate, of Ithaca, N. Y., was the purchaser at \$320.

PERSONAL
PARAGRAPHS

Mrs. James Summers is entertaining her mother, Mrs. Stonerock, of Williamsport.

Mr. Will Shimp and son, Donald, are up from Greenfield to attend the circus.

Clint Pavey and Donald Morris, of Sabina, are the guests of Mrs. W. E. Morris to attend the circus.

Misses Hattie Pinkerton and Lilian Van Kirk are entertaining a week-end house party, their guests, Mrs. George Paxton, Misses Clara Henkel, Fern VanKirk and Anne Kries, of Springfield.

Miss Mary Morris, of Columbus, was the guest of Mrs. Frank M. Fullerton Friday night to attend Pinafore.

Mrs. Frank L. Stutson returned Saturday from a two weeks' visit with her sisters, Mrs. William Simpson, and Mrs. George Allen, in Chicago, and brother, Mr. Chas. Stimson, in Lafayette, Ind.

Mr. Kelly Rodgers, who was called from Alden, Mich., by the death of his uncle, Mr. Sheridan Dixon, will remain for an indefinite stay.

Mrs. Mark Marchant has returned to her home in Lima, after a ten days' visit with her mother, Mrs. Mary Patton.

Mrs. Zeltha Holland, of Reynoldsburg, was the guest of Mrs. Will Kiever this week.

Miss Lela Harvout left Friday afternoon for a visit in Cincinnati.

Mrs. J. R. Marshall is visiting her daughter, Mrs. Fred Wilson, in South Solon.

Mrs. John Ray and children, of Mt. Sterling are the guests of Mrs. Ray's sister, Mrs. James Flynn.

Prof. W. W. Davies is home from Delaware to spend Sunday with his wife.

Rev. Arthur J. Marbett, pastor of the Wilmington Presbyterian church and a classmate of Rev. W. I. Campbell at Princeton seminary, will fill the Presbyterian pulpit Sunday, Rev. Gage preaching in the First Presbyterian church at Chillicothe. Rev. P. J. Hennes goes to Wilmington and Rev. Moore, of Bloomingburg, will preach at East End Chapel.

Mr. and Mrs. C. P. Ruff returned to their home in Newark yesterday, after a visit with Mrs. Ruff's sister, Mrs. A. N. Evans.

Mr. John Link, of Hillsboro, visited relatives and old friends here this week while attending the Horse sales.

Mr. and Mrs. C. E. Lloyd spent the past two days in Columbus.

Mr. and Mrs. Jos. Call and sons, Harry, Fred and Robert, are the guests of Mr. Jos. Butcher and family today.

John Burke, superintendent of inside tickets, and Billie Backenstoe of the reserved seats, with the Haggenbeck-Wallace circus, are greeting their Washington friends today.

Messrs. Carl and Will Summers will spend Sunday at their home in Jackson.

Mrs. Frank Zimmer, of Urbana, was the week-end guest of her sister, Miss Marie Grove for Pinafore.

Mrs. Roy McKeehen, Misses Will Huston and Ruth Patton were the guests of Mrs. Joe Murphy the last few days.

Miss Kathleen Parker, of Bloomingburg, is the guest of Mrs. Andy Henkle over Sunday.

Mr. and Mrs. Will Tuttle and daughter, Mary Virginia, of Springfield, are the week end guests of Mr. and Mrs. J. T. Tuttle.

Misses Helen Ginn and Lelia McGuire, of Columbus, are the guests of Miss Lulu Rowan, coming especially to attend the opera of Pinafore. Miss Melba Hegler, of Fairview, was the guest of Miss Naomi Rowan for the opera.

In Social Circles

After the opera of Pinafore last night Mr. and Mrs. D. S. Craig assisted by their sons, Maynard, Paul and David, gave an informal little reception at their beautiful home in compliment to their guests, Miss Margaret Rathwell, of Columbus, and Miss Dorothy Stevens, of Cincinnati.

Of course the opera and its incidents provided special interest to the little gathering of about 20 guests. Light refreshments were served.

Miss Margaret Rathwell, of Columbus, is the guest of Mrs. D. S. Craig and family and will remain over Sunday.

Mr. Scott Fisher, Mr. Joe Fisher and family attended the funeral of an uncle, Mr. George Fisher, at Frankfort Saturday.

Mrs. Alex. Ballard is spending the day in Cincinnati.

Mr. Joe Sheridan and daughter, of Sabina, are among the visitors in town today.

Miss Agnes Monroe who has been the guest of Mrs. Earl Barnett and Miss Myrtle McCoy, returned to her home in Muncie, Ind., today.

Mr. and Mrs. George Ghormley and son, and Mr. and Mrs. Chas. Lough, of Ghormley Station, were shopping visitors here today.

Mr. and Mrs. Joe White, of Good Hope, visited relatives here today.

PRISONER PROVES
TO BE A FORGER

The man arrested by Sheriff Nelson and Sheriff Mulligan, of Athens county, Friday was one, Herbert Hunkaford, a young white man, charged with forging two checks upon Athens business men.

The fellow was employed on a farm near Bloomingburg, and the officers experienced little difficulty in locating their man and placing him under arrest.

The fellow admitted that he had passed the checks in question, but stated that they were given to him by a companion who is now in West Virginia.

Efforts will be made to locate the other man and bring him to justice.

CLAIMS SHE HAS
NOT BEEN NEAR HOY

Mrs. John Harmon, whom her husband suspected of eloping with William Hoy has returned home and states that she has not been with Hoy as claimed, but had been visiting relatives in Springfield.

It will be recalled that Harmon filed an affidavit for the arrest of William Hoy, charging a serious offense.

Mrs. Harmon denies that she was with Hoy at all, and that she can prove her whereabouts by cousins in Springfield.

TWO BICYCLES
HAVE BEEN STOLEN

Two bicycles were stolen in this city during the past 24 hours, but so far one of the wheels has been recovered, being in the possession of a colored youth named Dixon, who was released when he told of how he had come into possession of the wheel, and his story was apparently a straight one.

So far the other wheel, which belonged to a Jamison boy, has not been recovered, although the police are still working on the case.

BAD STORM

Frankfort suffered a bad wind storm and one of the heaviest rain storms of that section for a long time Saturday. The water came down as if from a cloud burst.

Friday evening class meeting. Please be present.

SPRING FEVER BULLETIN OUT.

Rules For Diet and Dress to Counteract Lassitude.

New York.—A list of instructions for the fighting of spring fever was issued by the Young Men's Christian association in a health bulletin for members. It urges first of all that "neither gin rickys and highballs nor beer should be used as a cure for spring fever," adding that neither medicine nor alcoholic drinks of any kind can cure that malady. The real cause of the general lassitude of office folk these days, the bulletin asserts, is the clogging up of the body with food beyond the amount necessary to supply the proper amount of heat units.

The bulletin urges the observation of these health rules:

"Eat lightly. The body doesn't need the amount of food that it does in winter."

"Exercise regularly. Help nature by training down."

"The man with the paunch may look prosperous, but it's dollars to doughnuts he'd feel better without the abdominal hump."

"Dress for the season. Discard your heavy winter clothing, but do it gradually."

"Breathe in plenty of fresh air to wash the blood and help carry off waste."

"Most people experience a distaste for fat foods at this season. It is a good thing. Shun fat foods. Your body doesn't need them."

"Eat plenty of fresh vegetables and fruits. A tasty salad is more beneficial than steak."

CHARLES ALLEN.

Prominent Horseman and Owner of the Huge Sales Pavilion Where the Spring Sales are Now in Progress.

EXILE DIED IN 104TH YEAR.

Baron de Turckheim Was an Intimate Friend of Chopin.

Montreux, Switzerland.—Baron Ferdinand de Turckheim, a French Alsatian exile since the Prussian conquest, died here in his one hundred and fourth year. He was an intimate friend of Chopin and celebrated his one hundred and third birthday on March 31 by playing some manuscript pieces presented to him by the composer.

Baroness de Turckheim, who was born in 1819 and to whom he was married in 1843, is still living and was at her husband's bedside when he died.

Both Saw.

Fortune Teller—I see a loss of money. Victim—Yes; so do I. I paid you in advance.—Le Rire.

90 YEARS IN SUNDAY SCHOOL.

And Paxton Never Missed It Once In Sixty-four Years.

St. Louis.—A state wide contest for continuous Sunday school attendance was won by William McClung Paxton, ninety-four years old, of Platte City, Mo., who produced certificates from ministers and others to prove that for sixty-four years he has not missed a Sunday.

He has been attending Sunday school for ninety years, but there was a break in his record just prior to 1850.

Girl Poisons Two Wolves.

Mountain Home, Ark.—Miss Anna Adams, daughter of E. E. Adams of Big Flat, poisoned two wolves a few nights ago that had killed a goat for her the day before. She put poison in the carcass, and next morning when she went out to see the results there were two black timber wolves stretched out dead. The larger of the pair weighed eighty-four pounds.

MEXICANS LOST MORE THAN 300

Admiral Badger Reports Casualties at Vera Cruz.

OVER ONE HUNDRED KILLED

Quiet Now Prevails In the City and Affairs Are Gradually Being Straightened Out and Confidence Restored — Greatest Possible Care Being Taken In Relief of Refugees, American and European.

Washington, April 25. — In a dispatch filed at Vera Cruz, Admiral Fletcher reports the list of casualties for the Mexicans as 126 killed and 195 wounded, making the total casualties 321. Admiral Fletcher further reported to Admiral Badger that quiet prevailed in Vera Cruz and that affairs are gradually being straightened out and confidence restored.

The navy department has given orders that the greatest possible care

be taken in giving relief to refugees. It is constantly receiving reports of new arrivals at the east and west coast ports seeking berths on American ships. Additional dispatches to the department showed that approximately 2,000 American refugees are being cared for on chartered ships which soon will sail for Galveston under convoy of warships.

Signs of uneasiness abroad because the United States, though not having declared a blockade or a state of war, is exercising jurisdiction at Vera Cruz between measures "short of war" and actual war, are apparent. Cabinet officials said no attempt would be made to interfere with regular channels of commerce anywhere, cargoes being allowed to land at all points. Munitions of war alone will be held at the Vera Cruz customs house if landed, provisions and other commercial supplies not being detained.

But outside of the diplomatic branch of the government, the army and navy continued their plans for the holding of Vera Cruz, the care of refugees, the provisioning of American forces and the maintenance of a strict border patrol, not only to prevent raids and uprisings, but to keep all factions in Mexico from obtaining munitions and arms from the United States.

Library of Congress and that he would in turn present the will of Martha Washington to the nation for the same disposition.

Neither of these proposals met with the approval of Governor Stuart who stated the people of Virginia held that the will of Martha Washington was a part of the legitimate records of Fairfax county. Governor Stuart then renewed his request that some agreement could be arrived at and there apparently the matter rests so far as disclosed by correspondence given out by Mrs. Storey.

WASHINGTON WILL IS STILL BONE OF CONTENTION

By Associated Press.

Washington, D. C., April 21. — Correspondence between Governor Stuart of Virginia and J. P. Morgan concerning the will of Martha Washington which is in Mr. Morgan's possession, was read to the Daughters of the American Revolution today by Mrs. William Cummings Storey.

The letters show that the matter was opened by Governor Stuart through W. L. McCorkle, President of the New York Southern Society in March last. In reply Mr. Morgan said his only desire was that the document should be placed where it could be best preserved and of most use to the people of the United States. Not considering the court house building of Fairfax county, Virginia, to which Governor Stuart desired the document returned, and where the will of George Washington now is, as fireproof or accessible to any large number of people, Mr. Morgan made two propositions.

One was that the State of Virginia or Fairfax county should place the original will of George Washington on exhibition at Mount Vernon for an indefinite period and that if this were done, he would present the will of Martha Washington to the Mount Vernon Association for permanent exhibition there.

The other was that should the Virginia authorities not be willing to do this, the will of George Washington should be presented to the

EIFFEL TOWER 25 YEARS OLD

By Associated Press.

Paris, April 25. — The Eiffel Tower has been celebrating its silver jubilee. On April 2, just 25 years ago, the French flag was hoisted on its summit. It was the principal attraction of the Exposition of 1889. Both at the time of its erection and afterwards it was the subject of hostile criticism on the part of artists and men of letters.

The composer, Charles Gounod, the great poets, Leconte de Lisle, Sully Prudhomme, Francois Coppe, the novelist, Guy Maugassant, united in protesting against the disfigurement of Paris by a structure which would not be tolerated even "by commercial America." Other critics declared that it would not last twenty years, but it stands today as strong as ever to vindicate its creators, the symbol and triumph of modern industry. For the Eiffel Tower was the pioneer of the light metallic construction which makes possible by its suppleness and enormous strength the most daring conceptions of the architect and engineer.

The famous tower is, indeed, a miracle of lightness with all its 8,000 tons of metal, as a simple calculation shows. If a model on the scale of one-thousandth were made it would be 12 inches high and would only weigh 28 ounces, the weight of a thick sheet of paper.

At first hardly more than an engineering curiosity, the Eiffel Tower found its vocation when wireless telegraphy was invented. Now the correct time and a budget of the latest news is flashed from it twice daily to ships at sea and far-off French colonies in Africa.

IS ANY MAN EASY TO LIVE WITH?

Read the answer in the May Ladies' Home Journal, now on sale at Roeder's News Stand.

CIVIL WAR IN COLORADO

Washington, April 25. — It was stated at the White House that up to the present time President Wilson has not taken any personal hand in the civil war now in progress in the coal mines of Colorado. Some time ago he directed the federal mediation board to do what it could to settle the conflict between the mine owners and the miners. Their efforts were unsuccessful. Regarding a report that the president had agreed to send federal troops into Colorado, Secretary Tumulty said: "No such statement has been authorized. The governor of Colorado has not asked for troops."

The Colorado strike, with its civil war conditions and a death list that equals the Vera Cruz battle, occupied much of the attention of the cabinet meeting. Secretary of Labor Wilson explained the unavailing efforts he has taken to force a settlement of the strike.

ROOSEVELT IS SHUT OUT

Washington, April 25. — Colonel Roosevelt will have no opportunity to raise a regiment or brigade as he did in the Spanish war. This was made clear to a number of officers of the Massachusetts militia, who called upon Major General Wotherspoon, chief of staff, urging that the Massachusetts troops be given an opportunity to go to the front as soon as any volunteer regiment which might be raised.

Organizations of Spanish war veterans such as offered its services from Colorado will not be accepted until all the militia has gone to the front, according to the present intention of the war department.

TWENTY KILLED

Washington, April 25. — The condition of most of the sailors and the marines wounded in the Vera Cruz fight was reported on favorably by Admiral Badger. A statement was given out by Secretary Daniels showing two additional dead as the result of the engagement, bringing the total up to 20.

ECHO OF QUAKE COMES TO JAPAN

By Associated Press.

Tokio, Japan, April 25. — The plight of poor Japanese in the north who have been suffering from famine has been increased by the disastrous earthquake of March which caused great devastation in a zone of about 20 miles square around Akita on the island of Honshu. The city of Akita was damaged only slightly but in the country nine towns and forty-one villages were seriously damaged, some villages being entirely annihilated. About 1,000 houses were completely destroyed, about 100 persons were killed, according to the latest reports.

The earthquake came at dawn. The motion was horizontal at first, but after twenty seconds turned into a violent perpendicular movement greatly increasing in velocity until it broke the seismographs. The upward movement, which is particularly feared in Japan, caused hundreds of houses to collapse and scores of people were crushed to death, having no time to escape. The affrighted people who succeeded in getting out, rushed to the railroad in an attempt to escape from the earthquake belt, but found the rails blocked with stones and earth. Dangerous holes and trenches were opened in the streets from which rose a cloud of dust and debris.

A Japanese reporter who made a trip through the devastated district found misery and pathos. Some victims had erected huts in the roadway where the mud was knee deep. He found the village of Kowakubi in absolute darkness except where a few straggling lights feebly showed a scene of destruction. Not one of the one hundred and forty houses remained intact, a score of people had been instantly killed and eighty were more or less seriously injured. The

postmaster had gone mad from seeing the violent death of his wife.

A few days after the earthquake the long extinct volcano on Mount Chokai suddenly became active. The mountain which is near the coast and overlooks the sea of Japan is known as the Fuji of Akita. Its summit is covered with snow even in mid-summer. A great mass of smoke and fire suddenly burst from the southwest crater, and soared heavenward.

RIGHT PERSONS BUT IN WRONG PEW

A couple giving the names of William Smalley, 21, and Nellie Lytle, 18, applied at the local Probate Judge's office, Friday afternoon, and asked for a license to wed.

The usual questions were asked and in a few minutes the license would have been issued, but when it was learned that both were from Ross county and were evidently bent on "surprising their friends".

It was two very badly disappointed young people that left the office and caught the evening train for Chillicothe with a view to obtaining the necessary papers.

Four Per Cent and Safety

For a number of years this Old Established Bank has paid Four Per Cent Interest on Time Deposits. It has been able to do so by reason of its special facilities in making high class real estate mortgage loans.

By investing your surplus funds in our Time Deposits

1. YOUR PRINCIPAL WILL BE SAFE.
2. Your Interest Promptly Paid When Due.
3. Your money easily available at any time you want it.

The three points named above are the essentials of a good investment.

THE MAROONS OF CHILlicothe PLAY SUNDAY

Four Games in a Row Will be the Lot of Local Ball Tossers Next Week

KANUCK TEAM MONDAY TOUTED AS REAL CLASS.

New Third Sacker Will Perform for First Time Tomorrow and Turner Is His Name.

The second game of the local baseball season will be played at the Athletic park on Columbus avenue Sunday afternoon at 2:45 o'clock. This time the Chillicothe team, sailing under the name of Maroons, will attempt the task of humbling our boys in defeat.

The visitors will line up in the following order:

Corocan, 1b; Crow, 2b; McNeal, ss; Mallow, 3b; Juenger, lf; Hearn, cf; Crouse, rf; Berille, lme. Hendrixon, p; Chrischold, c.

The local team will line up with Reno and Hagerty in the points and the guardians of the inner and outer gardens the same as in the game last Sunday, with the exception of the third corner. Turner will be seen on third for the first time. The new third sacker gives promise of delivering the real goods in large bundles.

Monday, Tuesday and Wednesday the team from London, Canada, will cross bats with the local team, the game each day beginning at 3 o'clock fifteen minutes later than the Sunday games.

Four games in a row will, this early in the season, give a line on the ability of the locals as long distance goers.

The "Kanucks" come highly touted as the big noise in amateur baseball circles and preceded by the announcement that they are, in this tour only enjoying a spring training trip.

Red Cross Ball Blue makes the laundress happy, makes clothes whiter than snow. All good grocers.

SPORT LETTER

Cincinnati, O., April 25.

No haste is being shown by Manager Herzog of the Reds, in the matter of ridding himself of surplus material. While some of his youngsters have been turned over to the minors for further development, quite a number of the youths garnered from the various leagues last fall still are among those present, and will remain for a while longer. Heretofore it has been the practice of Reds' managers to give the preference to veterans, this being especially true of the pitching department, and allowing the youngsters but few opportunities to break into the line-up. Herzog is working along different lines.

He is taking no chances of making mistakes regarding the boys who looked good to him during southern practice, and so is giving all those that displayed some features of major league form to show what they can do. Pitchers Davenport, Douglass, Adams, Lear and Ingersoll, all have been in championship games this season, as have Catchers Gonzales and Von Kolnitz and all the recruit infielders and outfielders. When final cutting down comes it will be based on actual performances and not on guess work, which is as it should be.

Of the two National league teams that have opposed the Reds so far this season, the Pittsburgs appear to have far and away the best of it. Their infield works more smoothly, the outfield really is better and their pitchers and catchers are fully equal to those of the Cubs. Add to this the greater influence of Manager Clark over his men, and it is plain that, viewed at the present time, the Pirates are a safer bet for high honors than the Cubs. In the eastern division of the National League New York and Boston, of whom most was expected, have been having the poorest results. It is not expected that they will continue in their early rut; at the same time they are taking on a handicap by losing their early games.

That followers of the game are partial to young players and like to see debutants succeed was clearly demonstrated at Sunday's game between the Reds and the Pirates, when the real spirit of the crowd was displayed on the appearance of Catcher Mike Gonzales and Pitcher Adams. The Cuban backstop has been touted as an able man in every respect, and his work so far has justified the recommendation. Adams is not so well known, but the very fact that he is a youngster secured for him an enthusiastic reception. This preference of youngsters will be recognized by Manager Herzog in future Sunday games, and he promises to have several of his new start in the line-up against the Cardinals next Sunday, and against the Pirates when they come again on Sunday, May 2.

American opponents of the fighting game should take a page out of the book of King George, of England, who has placed his o. k. on the boxing game by attending several matches at the barracks of one of his favorite regiments. Of course, the "kink" does not favor brutality in the ring, any more than it is favored in America; but when it comes to applauding neat footwork, a good wallop or clever defense, the ruler of Great Britain gets an enthusiastic as any East Side "bloke." Whether this interest in the fighting game on the part of the king will have any influence on the sport in America remains to be seen. But it certainly will give boxing a boom over in "Merrie England."

There is a lively scramble on resurrections of the old style of racing

BIG AGRICULTURAL LAND OPENING!

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of rich, Southern Georgia Land, which is admirably adapted for the growing of celery, sweet corn, potatoes, canteloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us you are now offered an excellent opportunity to break away from the drudgery and of a small wage, or working for the benefit of landlords, and go back to a land of plenty to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantee, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to determine just what the yield of their acres amounts to. Consistent with this may mean a source of income, when statistics show that the yield of one acre of celery amounted to \$1,200.45, and that one acre of well-cared-for paper shell pecans in full bearing should net its owner as high as \$500.00 per year. We are of the opinion that it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand people, and direct steamship service to New York and Boston, and excellent transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results

As we are extremely desirous of having settlers locate on this property and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the North-

ern Pacific and other railroads when they granted their lands and we expect to benefit thereby as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register scientific methods in vogue thereon. While we are arranging to prevent over-registration we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to enter an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted and the opening will be held at Brownstown, Wayne County, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon as after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Brownstown on the opening day, unless they wish to attend, but there will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted as soon as possible.

With the ever increasing population of this country there is no corresponding increase of the area of land, and naturally as the population increases and settles the land in pursuit of wealth, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

SOUTHERN GEORGIA RAILROAD LAND DEVELOPMENT BUREAU,
COLORADO BUILDING, WASHINGTON D. C.

Southern Georgia Railroad-Land Development Bureau,
Washington D. C.

Registration Department.

I hereby make application to register for your Fruit and Agricultural Railroad-Land Opening, and furnish you with the correct answers to the following questions:

Name.....City.....

State.....Street or R. F. D. No.....

Age.....Married or Single.....Widow, Widower or Orphan.....Occupation.....

Nationality.....Do you now own over ten acres of land in the United States?.....

If my application for registration is accepted please send me, without obligation, further and complete information and particulars, including maps of the land, showing its exact location on the Atlanta, Birmingham and Atlantic Railroad, its transportation facilities, agricultural, fruit and nut-growing possibilities, etc.

Very Truly yours,

Signature.....

ARNOLD WANTS TO BE LIEUTENANT

Columbus, O., April 25.—John H. Arnold, a local attorney, announced that he is a candidate for the Republican nomination for lieutenant governor. This announcement means that the followers in Ohio of Robert M. LaFollette of Wisconsin feel that they should be represented in the makeup of the Republican state ticket. In 1912 Mr. Arnold was the LaFollette candidate in the Twelfth district for delegate to the Republican national convention.

BISBEE CITIZENS ASK FOR GUNS

Washington, D. C., April 25.—An appeal for government guns to arm citizens at Bisbee, Arizona, to repel any invasion from Mexican territory was laid before Secretary Garrison today by Senator Ashurst. Governor Hunt in a telegram to Senator Ashurst asked that 1400 rifles be sent from the nearest army post. A telegram to Senator Ashurst from Captain John C. Greenway at Bisbee said that 900 Mexicans "saw to belong to the Constitutionalists forces were driving Americans out of Cananea, across the river."

GERMANY OFFERS AID TO REFUGEES

By Associated Press.
Washington, D. C., April 25.—Admiral Howard from the west coast of Mexico, reports that the German Consul at Mazatlan is extending his friendly offices to secure the steamer City of Sydney to take away all foreigners at Mazatlan. He reports a demonstration in front of the American Consulate last night and that the governor has made all possible preparation and that a guard of Federal soldiers is now protecting the Consulate.

WIRELESS SERVICE GIVEN TO NATION

By Associated Press.
Washington, D. C., April 25.—The Marconi Wireless Company has placed at the disposal of the American government free service and preference over all other business, which includes the company's stations on the Atlantic and Pacific coasts and all Marconi equipped vessels in American waters for relay purposes.

ARIZONA CHIEF OFFERS TROOPS

By Associated Press.
Washington, D. C., April 25.—Governor Hunt of Arizona was in communication with Secretary Garrison today over the possibility of the mobilization of the Arizona Guard Patrol on the American border, in connection with the regular troops.

FOUR AMERICANS SLAIN

(Continued from Page One.)

Further details as to conditions in Mexico City were given Consul Canada by refugees who have reached Vera Cruz. They report a reign of terror in the Capital and confirmed the reports of anti-American outbreaks. A mob entered Porter's hotel, an American institution, insulted the guests, smashed windows and attacked the hotel until the guests were taken to other hotels and the managers of the hotel went to Vera Cruz. The American club was attacked and several stores sacked with a loss estimated at 50,000 pesos. Consul Canada said that the refugees reported the American colony well organized for defense. All foreigners had concentrated to withstand any attack. They were well armed, but fear an attack by overwhelming mobs. On Tuesday all business houses in the capital were closed and the streets were filled with disorderly crowds. Refugees reported that prior to April 22nd, the Huerta government had been conscripting soldiers, securing 2000 by forcible conscription in Mexico City on Sunday, Monday and Tuesday. On April 21st it was stated, Mexicans began to volunteer for service.

FIND BATTLE MAP OF NEW ORLEANS

Bears Signatures of Those Who Fought Behind Cotton Bales.

New Orleans.—Interest in the slumbering cotton bale theory of the battle of New Orleans has been aroused by the finding of a water color picture map of the original battle plan in an abandoned trunk in the cellar of a hotel. Little is known about the drawing or the other contents of the trunk, which has remained unnoticed for years in a dark corner.

Five veterans of the battle had added their signatures to the remarkable map to attest the fact that it is a true representation of the battle plan as made under the direction of Andrew Jackson by his military engineer, H. Laclede. It shows a line of cotton bales, which a marginal note says was 1,000 feet long, with a prolongment extending 600 feet into the woods. Some historians deny the story about the use of cotton bales.

The five veterans who say they fought behind cotton bales were Joseph St. Cyr, Jean Lamonthe, P. M. Lapice, Charles Raymond and Jean Gervais. Pen pictures of these men appear in the footnotes.

A full view of the Chalmette field is given, and the veteran draftsmen have set forth the placing of the different commands and the plan of attack and defense.

It is thought the map and the trunk in which it was found were the property of a former patron of the hotel who took "French leave."

CAT SWIMS RIVER TWICE.

Seemingly Lonesome When Owner Is Absent For a Few Days.

Denver.—Braving the waters of the Grand river rather than stay on a ranch alone, Murphy, a Maltese tomcat belonging to Ad Hockett, a wealthy rancher of Dotsero, Colo., swam a mile when he was left on the ranch while Hockett went to Glenwood Springs on a business trip.

The day after Hockett left his ranch Murphy went to the river bank, where he sat for an hour and then swam the stream to the opposite side, where he sought company at a neighboring ranch.

Four days later, when Hockett returned and found Murphy missing, he began a search for his mascot.

Standing on the river bank, he saw his cat swimming back. When Murphy reached the shore he jumped on his master's shoulder.

At the point where Murphy swam the river the stream is treacherous, and several men have been swept down the stream by the swift current.

BIG SUFFRAGE RALLY.

Resolution to Be Adopted Sent Out in 20,000 Circular Letters.

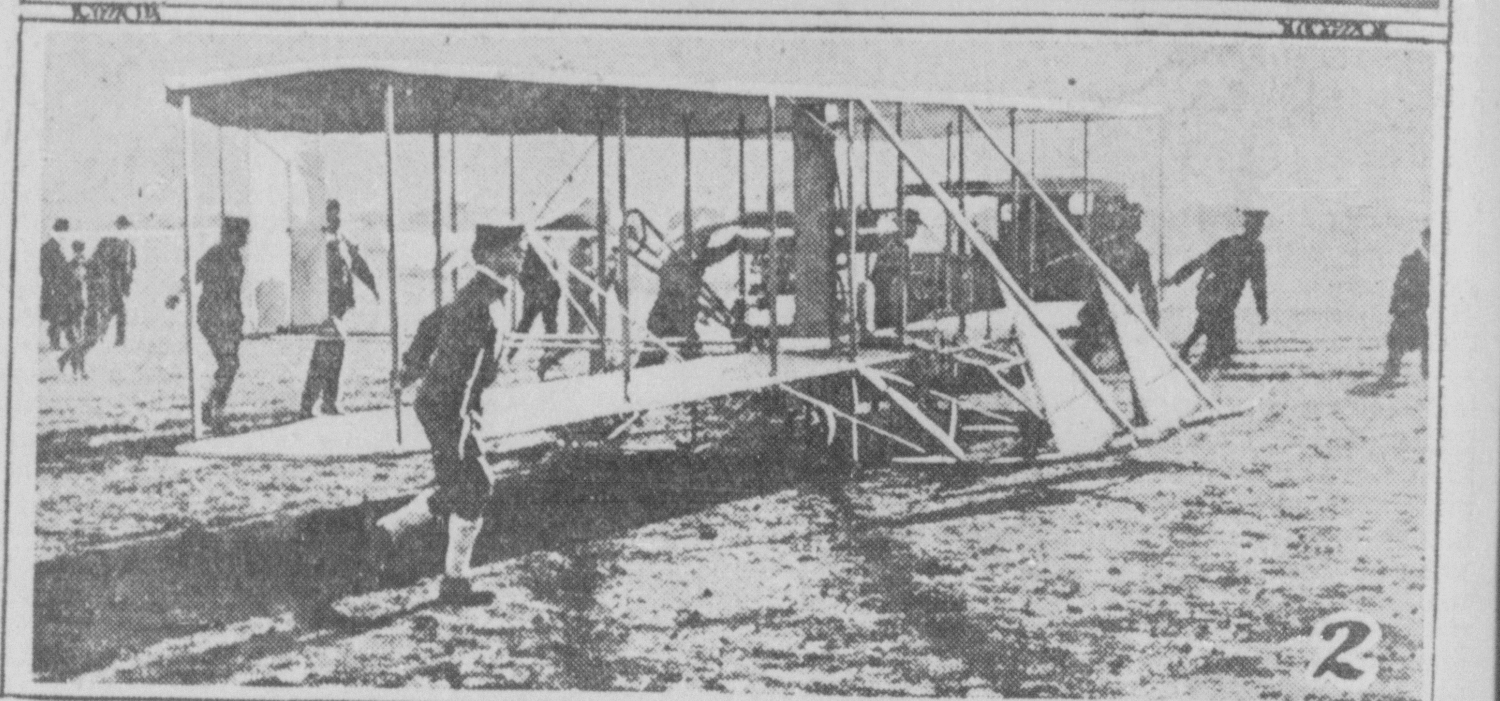

Washington.—Twenty thousand circular letters, containing the wording of the resolution to be adopted at the nation wide demonstrations, were sent throughout the country, urging suffragists to call upon congress to pass the Bristow-Mondell resolution giving women the right to vote.

A copy of the resolution that is to be adopted at the demonstrations is to be sent to every member of the senate and house.

The letters were sent out from the headquarters of the Congressional Union For Woman Suffrage here in response to hundreds of queries that have been received.

TWO AERIAL CRAFT WHICH UNCLE SAM WILL USE AGAINST MEXICO IF ACTUAL WAR BREAKS OUT

Washington, D. C., April 25.—Both the army and navy will utilize aerial craft in case of actual war with Mexico. Hydroplanes and aeroplanes will be of great value, according to the views of Secretary of War Garrison and Secretary of the Navy Daniels. The army has fifteen aeroplanes available for use. It has no dirigibles. There are twelve qualified "military aviators," but more than a score of men who can fly. The war department refuses to give any information about bomb dropping. The navy aviation corps, now on the way to Mexico, consists of four hydroaeroplanes and a full equipment. Two aeroplanes from a "section" in the navy. One section is going aboard the Birmingham and the other aboard the battleship Mississippi. Each section is accompanied by three officers, all trained pilots, and ten mechanics. A section carries hangars, tents for living quarters and other purposes, spare parts and tools. The illustration shows an army hydroplane and an aeroplane at Fort Bliss which is ready to be used for scouting purposes across the border.

1-ARMY HYDROPLANE 2-AEROPLANE NO. 9 U.S. ARMY

FIRST FULL BATH WHEN 72.

Civil War Vet Ordered to Take One Is Apprehensive.

Sandusky, O.—According to Sergeant S. N. Cooke of Cottage Mack, State Soldiers' home, a veteran from near Urbana, admitted the other day, sighed when ushered into the receiving barracks anteroom to await his turn in the bathtub and remarked:

"Well, I'm seventy-two years old, and this is going to be the first time I ever took a regular out and out bath."

The old man made no effort to conceal a feeling that if he survived the first operation he might try it again, according to Sergeant Cooke.

Women Oppose Smoking.

Portland, Ore.—Because they say cigar and cigarette smoke in the city hall and courthouse, where they go to register, makes them sick, Portland women have started a move for a city ordinance forbidding smoking in public buildings.

Very Interesting.

"What do you find so very interesting about society?" asked the ordinary person.

"Watching people trying to get in," answered Miss Cayenne.—Washington Star.

FLOWER ORNAMENTS GRACEFULLY ADORN THE HIGH COIFFURES

FLORAL COIFFURE ORNAMENT

The new coiffure, with the hair brought high on the head, affords many opportunities in the use of attractive ornaments. The narrow bandeau shown here is adorned with full blown roses.

INCREASING POTATO CROP.

Growers Pay Too Little Attention to the Seed They Use.

Washington.—The American potato grower is charged with paying too little attention to the selection of seed potatoes by the department of agriculture in a statement declaring that by the use of high grade seed the returns from the crop would be increased by many millions of dollars.

The increase that might be expected from the use of high grade seed is conservatively estimated at not less than 10 per cent. Such an increase, based on the average production or the average production of the last five years, says the statement, would amount to over 34,000,000 bushels, having an approximate value of \$21,000,000.

Of the many causes which operate to

produce a low average potato yield in the United States. It is pointed out, impure seed is an important one. European potato growers, especially those of Great Britain and Germany, pay the strictest attention to the quality of the seed used.

GOLF RECORD IN JERSEY.

Youth Kills Opossum in Tree While Showing Skill With Clubs.

West Orange, N. J.—In the rear of his mother's home, on top of First mountain, James Tolley was surprising his friends by his skill with his golf clubs. Tolley drove one ball high among a patch of trees and heard a strange sound.

Looking aloft, he saw an animal tumbling to the ground. It was an opossum. The ball struck it between the eyes, killing it.

PARRETT'S GROCERY!

"THE YELLOW FRONT."

THE HOME OF QUALITY FOR TWENTY-SIX YEARS.

For Saturday

Mrs. Phillips' Home Baked Cakes at 25c per square. B. & C. Cakes, 7 or 8 kinds, at 10 and 15c square.
